Developing Londons Docklands Another Great Planning Disaster:

Developing London's Docklands Sue Brownill,1990-10-28 London s Docklands has been described as the largest redevelopment area in Western Europe This book tells the story of that redevelopment and by doing so examines a number of critical issues concerning the regeneration of urban areas From the first dock closures in the early 70s the area has been the subject of various and competing plans Since 1981 the London Docklands Development Corporation with its market led approach has been charged with regenerating the area The ensuing developments and the conflict between local needs and commercial imperatives have ensured London s Docklands has never been far from the public eye The development of Docklands is placed within the context of the changing nature of inner city and planning policy in the UK The shifting balance between central and local government the erosion of local democracy and the increasing emphasis on policies aimed at facilitating the role of private investment is illustrated by the various phases of the redevelopment of the area The author s detailed account of the LDDC era focuses on the main features of market led regeneration the encouragement of private investment through planning transport and land policies as well as substantial public investment the record on housing and employment the impact on the local community the response of local organisations and councils and the alternatives proposed As Doing a Docklands is becoming increasingly fashionable in other areas of the UK and abroad this book provide a timely analysis of the Docklands experience and points to some essential lessons and questions This book will be useful for undergraduate courses on inner city policy and planning and also forthose taking courses in urban studies sociology housing urban geography and planning

Developing London's Docklands Sue Brownill,1993 *Reshaping Toronto's Waterfront* Gene Desfor,Jennefer Laidley,2011-01-01 Large scale development is once again putting Toronto s waterfront at the leading edge of change As in other cities around the world policymakers planners and developers are envisioning the waterfront as a space of promise and a prime location for massive investments Currently the waterfront is being marketed as a crucial territorial wedge for economic ascendancy in globally competitive urban areas *Reshaping Toronto s Waterfront* analyses how and why problem spaces on the waterfront have become opportunity spaces during the past hundred and fifty years Contributors with diverse areas of expertise illuminate processes of development and provide fresh analyses of the intermingling of nature and society as they appear in both physical forms and institutional arrangements which define and produce change *Reshaping Toronto s Waterfront* is a fundamental resource for understanding the waterfront as a dynamic space that is neither fully tamed nor wholly uncontrolled

Improving Societal Resilience to Disasters Funda Atun,2014-04-28 This book documents the outcomes of a study designed to explore ways of increasing resilience in a complex city system against disasters by focusing on the transportation system in London A survey was undertaken comprising interviews with upper level decision makers as well as questionnaires to personnel in the field and the general public The results of this survey are presented together with a brief description of the past and current situation in the city with respect

to transportation flood risk and other vulnerabilities The sources of problems in responding adequately to disasters are analyzed and important lessons drawn In particular it is explained how failures derive from insistence upon the application of written plans in preference over redefinition of strategies and priorities and how flexible systems represent a better approach to crisis situations The book will be of interest to all who are concerned with disaster planning and management and the societal response to disasters

British Urban Policy Rob Imrie, Huw Thomas, 1999-06-22 This updated edition of British Urban Policy and the Urban Development Corporations provides a comprehensive account of the policies programmes and effects of one of the most controversial urban policy programmes ever brought to bear upon British cities The authors place the policies and practices of the urban development corporations UDCs in the wider sociopolitical context of evolving urban policy present case studies of eight UDCs and explore the legacies of the UDCs and the evolving framework for urban policy into the millennium

Blazing the Neoliberal Trail Timothy P. R. Weaver, 2016-01-07 Blazing the Neoliberal Trail asks how and why urban policy and politics have become dominated over the past three decades by promarket thinking Drawing on extensive archival research Timothy P R Weaver shows how elites became persuaded by neoliberal ideas and remade political institutions in their image

City, Capital and Water Patrick Malone, 2013-09-05 The urban waterfront is widely regarded as a frontier of contemporary urban development attracting both investment and publicity City Capital and Water provides a detailed account of the redevelopment of urban waterfronts in nine cities around the world London Tokyo Kobe Osaka Hong Kong Sydney Toronto Dublin and Amsterdam The case studies cover different frameworks for development in terms of the role of planning approaches to financing partnership agreements state sponsorship and development profits The analysis also demonstrates the effects of economic globalization deregulation the marginalization of planning and the manipulation of development processes by property and political interests
