

# Instructional Units

**Courses of instruction are usually divided into learning units as reflected in textbooks, manuals, modules, and other instructional materials that are based on a given curriculum.**

**A teaching unit contains a series of sequenced and related learning activities that are organized around a theme, issue, or problem along with goals, objectives, resources for learning , and procedures for evaluation (Marterolla, 1984)**

**It is a chunk of content and associated skills that are perceived as fitting together in a logical way (Arends,2004)**
