Development Challenges and Solutions After the Arab Spring Ali Kadri, 2016-01-26 Since the events of 2011 most Arab countries have slipped into a state of war and living conditions for the majority of the working population have not changed for the better This edited collection examines the socioeconomic conditions and contests the received policy framework to demonstrate that workable alternatives do exist

Stock Markets of the Arab World A. S. Abdul Hadi, 2023-05-31 First published in 1988 *Stock Markets of the Arab World* provides a sound description and analysis of the stock market situation in Arab countries and an evaluation of previous attempts at the integration of capital markets Foreign interest in the oil producing Arab countries has grown due to the accumulation of international reserves Oil producers are looking for an alternative to their near term investments in United States Securities through a diversification of their economies This book argues that these countries could profitably invest these reserves through an integration of their securities markets It also says that prospects of increased linkages among Arab domestic markets do exist This is an interesting read for scholars and researchers of Middle East studies Arab economy and economics in general

Mobilizing Human Resources in the Arab World (RLE Economy of Middle East) R. Paul Shaw, 2015-05-15 R Paul Shaw has travelled widely in the Arab world obtaining data and gathering impressions first hand from national and local planners In this book he identifies population and manpower problems that are likely to become more serious and more difficult to solve if they are neglected at this early stage of Arab development He focuses on five broad areas which are directly or indirectly related to mobilizing human resources and his book will be of special interest to all those who are concerned with such issues as population migration employment inequality the emancipation of women construction and agriculture Dr Shaw proposes policy directives which are sensitive to the problems as they are seen by the Arab governments themselves and sets out practical guidelines which can be used by Arab planners and policy makers An important feature of the book with respect to current literature on Arab development is that it moves away from a preoccupation with growth related investments to a concentration on development related population manpower and employment issues By bringing together such comprehensive empirical and bibliographic information it will also be invaluable as a reference source for some twenty Arab countries First published in 1983
