Pastor David Marcel,2026-01-29 Measuring Life Through God s Lens means understanding that life is not evaluated by years lived titles earned or possessions accumulated but by faithfulness obedience and purpose aligned with God s will From God s perspective time is a sacred trust and every day is an opportunity to grow in wisdom love and righteousness While the world measures success by visibility and achievement God measures life by the condition of the heart the stewardship of time and the impact of one s choices on eternity When life is viewed through God s

lens moments gain meaning priorities are reordered and existence is no longer about merely surviving time but redeeming it allowing each step decision and sacrifice to reflect a life lived intentionally before Him While you are counting how much time you have on the earth to live do so with the understanding that every moment is both a gift and a responsibility Time is not given merely to be measured but to be invested with purpose guided by wisdom and aligned with God s will As days pass and years accumulate life is not defined by how much time remains but by how faithfully that time is used loving God serving others and shaping a legacy that reaches beyond the limits of earthly life
