suggestions for further reading *Transcript of the Disappearance, Exact and Diminishing* Lynn Emanuel, 2023-09-12 Lynn Emanuel's sixth collection of poetry is not sequential or straightforward. It has no conventional chronology, no master narrative. Instead, it is a life story with all the chaos and messiness entailed therein. *Transcript of the Disappearance, Exact and Diminishing* is a commotion of grief and wit, audacious images, poems, and paragraphs. It explores and centers on the possibilities and limitations of art in the face of disappearances of many kinds, including the disappearance that is most personal: the poet's own. *PLAGUE'S MONOLOGUE*: I erased the world so nothing can find it; snuffed out the roses, red and hot as the snouts of bombs; repealed the polar ice cap; even that fat oxymoron, the industrial park, has disappeared. And the last few words huddled together like bees in a hive, buzzing and plotting. I cut their throats with the scythe of a comma, turned the snout of my pen against them. I saved by erasing the streets and the people, let them be overgrown with absence. I don't care, there is no limit to my appetite, my lust, my zeal for emptiness. But I know you, and you have kept a transcript of the disappearance.
