

DISAPPEARING MAN

Disappearing Man

John Arthur Thomson

Disappearing Man:

The Disappearing Male Joan Lachkar, 2012-12-15 The *Disappearing Male* by Joan Lachkar PhD provides a psychoanalytic psychodynamic description of eight different kinds of men who disappear from relationships without warning or explanation. The term is not restricted to merely a physical disappearance but also to ones who emotionally disappear such as the Robotic Man described in the chapter of the OCD. Lachkar's personal clinical and professional experience have shown a number of women who have been vastly confused and hurt by the disappearing male. These men appear to be madly in love at the onset and then suddenly vanish without an explanation. Many of these women come into therapy sessions depressed, feeling traumatized and abused by men who promise them the world, act as though they are the love of their lives, and then suddenly vanish without a call. By acknowledging the diagnostic distinctions of eight different types of disappearing men, this book can help to assist these women in recognizing the red flags and danger signs to prevent them from faltering in their relationship efforts. The *Disappearing Male* describes the symptoms of eight different diagnostic types of men that women frequently encounter. The symptoms and dynamics that are outlined in this book will vastly enhance an individual's capacity to become aware of the disappearing male syndrome. This book is significant to the awareness and self-esteem of women in relationships, the dating world, and to the therapists that treat them.

Decolonizing Global Intelligence Pak Nung Wong, 2025-07-24 From September 11 to the calamitous withdrawal of United States troops from Afghanistan, Western intelligence has failed to negotiate the largest military and humanitarian crises across the world. This book proposes to decolonize global intelligence from the peripheries of the Global South and put forward a new intelligence practice of inclusive statecraft. It shows how dominant Western intelligence systems have failed to protect the very ideas they promised to uphold and the discrepancy between the West's Responsibility to Protect (R2P) liberalist doctrine and the realist on the ground, complex reality as observed by the Failure to Protect (F2P) scholars. Drawing theoretical insights and empirical both historical and contemporary materials from a wide array of case studies of Western and non-Western intelligence settings and practices, as well as their interactions, it argues that the next generation of global security and intelligence practitioners will necessitate genuine interracial, non-anthropocentric, and cross-cultural inclusivity, especially the capability to take the non-Western intelligence cultures and their realist strategic thoughts seriously. This book will not just add new knowledge to the larger field of security and intelligence studies but will also pioneer the relatively underdeveloped fields of comparative intelligence cultures and interstellar intelligence cultural studies. It will be indispensable for policymakers, bureaucrats, and government officials.

Double Agency, 2005 In *Double Agency*, Tina Chen proposes impersonation as a paradigm for teasing out the performative dimensions of Asian American literature and culture. Asian American acts of impersonation, she argues, foreground the limits of subjectivity even as they insist on the undeniable importance of subjecthood. By decoupling imposture from impersonation, Chen shows how Asian American performances have often been

misinterpreted read as acts of betrayal rather than multiple allegiance A central paradox informing the book impersonation as a performance of divided allegiance that simultaneously pays homage to and challenges authenticity and authority thus becomes a site for reconsidering the implications of Asian Americans as double agents In exploring the possibilities that impersonation affords for refusing the binary logics of loyalty disloyalty real fake and Asian American Double Agency attends to the possibilities of reading such acts as im personations dynamic performances and a performance dynamics through which Asian Americans constitute themselves as speaking and acting subjects
