Patrick Major, Jonathan Osmond

East Germany:

East Germany Stephen R. Burant, 1988 **East Germany, a Country Study** Eugene K. Keefe, 1982 **The Government and Politics of East Germany** Kurt Sontheimer, Wilhelm Bleek, 1975 **East Germany's Economic Development since Unification** Anja Hochberg, Jens Hölscher, 2016-01-01 The first book in the Studies in Economic Transition series applies the theory of economic development to the economy of East Germany Eight years after the unification of Germany the book provides a comprehensive and much needed assessment of the transition process in the East its impact on the German economy as a whole and the important broader lessons for European integration and enlargement The unique economic experiment of the unification of the German economies provided an excellent opportunity for different schools of economic theory to be tested and examined The contributors to this book take full advantage of this challenge

East Germany's Time of Crisis , 1990 **East Germany in Comparative Perspective** Thomas A. Baylis, Dr David Childs, Erwin L. Collier, Marilyn Rueschemeyer, 2002-09-11 As a new decade begins the popular demand for change has meant that the social and political fabric of the the Eastern Bloc countries has been irrevocably altered This book offers a comprehensive analysis of the key political economic and social areas of East German society such as the military and the church areas which will intrinsically involved with the movement for change **Working in East Germany J. Madarász**, 2006-11-02 Working in East Germany explores economic tendencies political relationships and social situations that combined to create a specific socio political habitat in East Germany after the building of the Berlin Wall Conditions were peculiar to say the least especially if compared to Western standards Nevertheless the majority of the population perceived their lives as part of a socialist normality that most East Germans adjusted to successfully This book writes the people back into the history of East Germany *Recasting East Germany* Christopher Flockton, Eva Kolinsky, 1999 This is an investigation of the economic and social processes in East Germany highlighting the restructuring the social impacts and the stresses of adjustment experienced by key social groups East Germany and Detente A. James McAdams, 1985-12-19 This study demonstrates the changing historical significance of the idea of detente and how non superpower states can create opportunity out of initially adverse circumstances **After The Wall** Patricia J. Smith, 1999-08-16 Since the fall of the Berlin Wall in November 1989 Germany has faced complex challenges The rapid introduction of political economic and social union in 1990 joined East and West in an experiment without precedent as the former German Democratic Republic adopted the structures of the Federal Republic of Germany Related issues include the adoption of a market economy the opening of security police files the role of the former Communist Party in the political system of the unified Federal Republic and the incorporation of the East German military into that of the West What has happened during the transition period Focusing on the situation in eastern Germany today almost eight years after unification specialists from Germany Great Britain and the United States assess the institutional social and cultural changes that have occurred and speculate on prospects for the

future One of the few English language books to concentrate on how unification has affected eastern Germany and East Germans After the Wall Eastern Germany Since 1989 addresses impacts on East German society including elites workers and women Discussion of institutional changes and the marginalization of East Germans recurs throughout the volume along with a focus on concrete achievements and successes since unification The section on politics and economics looks at changes in local government the Communist Party the radical right and economic structures Chapters in Part Two cover changes in political culture religion the media and literature In the final section chapters assess the integration of the East German military into the military structures of the Federal Republic and NATO and analyze the foreign policy of a united Germany

Berlin Witness G. Jonathan Greenwald,1993 Provocative and personal Berlin Witness is likely to be the definitive American description of the first phase of the German Revolution until the government opens its archives in the next century and will be a valuable resource for anyone wishing to understand the background of the new Germany *Beyond the Wall* Katja Hoyer,2023-09-05 AN INTERNATIONAL BESTSELLER From the ashes of the Second World War to the fall of the Berlin Wall an expansive and generous history of East Germany New Republic In 1990 a country disappeared When the Iron Curtain fell East Germany ceased to be For over forty years from the ruin of the Second World War to the cusp of a new millennium the German Democratic Republic presented a radically different Germany than what had come before and what exists today Socialist solidarity secret police central planning barbed wire this was a Germany forged on the fault lines of ideology and geopolitics In *Beyond the Wall* acclaimed historian Katja Hoyer sets aside the usual Cold War caricatures of the GDR to offer a kaleidoscopic new vision of this vanished country revealing the rich political social and cultural landscape that existed amid oppression and hardship Drawing on a vast array of never before seen interviews and documents this is the definitive history of the other Germany beyond the Wall **Appearances of Soviet Leaders** ,1973 **The Workers' and Peasants' State** Patrick Major,Jonathan Osmond,2002 Medical histories of Belgium reshapes Belgian history of medicine by bringing together a new generation of scholars Going beyond a chronological narrative the book offers new insights by questioning classic themes of the history of medicine physicians institutions and the nation state While retracing specific Belgian characteristics it also engages with broader European developments in the nineteenth and twentieth centuries Medical histories of Belgium will appeal to Historians of Belgium in various subfields especially cultural history and political history and medical historians and medical practitioners seeking the historical context of their activities *Sex, Thugs and Rock 'n' Roll* Mark Fenemore,2007 Living on the frontline of the Cold War young people in East Germany were subject to a number of competing influences the culture of their parents the new official culture taught in schools and new youth cultures Fenemore presents an account of what it was like in the 1950s and 1960s *Inside East Germany* Jonathan Steele,1977 **East Germany** Melvin Croan,1976 A Sage policy paper *East Germany* Paul Cooke,Jonathan Grix,2000 A collection of papers first presented at a colloquium for postgraduate students held at the Institute for German Studies University of Birmingham

1998 **Behind the Berlin Wall** Patrick Major, 2009-11-26 Few historical changes occur literally overnight but on 13 August 1961 eighteen million East Germans awoke to find themselves walled in by an edifice which was to become synonymous with the Cold War the Berlin Wall This new history rejects traditional top down approaches to Cold War politics exploring instead how the border closure affected ordinary East Germans from workers and farmers to teenagers and even party members caught out by Sunday the Thirteenth Party police and Stasi reports reveal why one in six East Germans fled the country during the 1950s undermining communist rule and forcing the eleventh hour decision by Khrushchev and Ulbricht to build a wall along the Cold War s frontline Did East Germans resist or come to terms with immurement Did the communist regime become more or less dictatorial within the confines of the so called Antifascist Defence Rampart Using film and literature but also the GDR s losing battle against Beatlemania Patrick Major s cross disciplinary study suggests that popular culture both reinforced and undermined the closed society Linking external and internal developments Major argues that the GDR s official quest for international recognition culminating in Ostpolitik and United Nations membership in the early 1970s became its undoing unleashing a human rights movement which fed into but then broke with the protests of 1989 After exploring the reasons for the fall of the Wall and reconstructing the heady days of the autumn revolution the author reflects on the fate of the Wall after 1989 as it moved from demolition into the realm of memory **East Germany**

David McKenna, 1988 Surveys the history topography people and culture of East Germany with an emphasis on its current economy industry and place in the world
