Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented

Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

**Easter** Bruce Salmon, 2022-03. The resurrection of Jesus is the lynchpin of the Christian faith. As Paul wrote, "If Christ has not been raised, then your faith is worthless" (1 Cor 15:17a, CEB). Without Easter, there would be no church. All four gospels present the Resurrection as a historical occurrence, and most of the other books of the New Testament allude to or elucidate the meaning of the Resurrection. That Jesus died for our sins and was raised to new life by the power of God is the heart of the gospel. Easter is the most important day of the Christian year. Thus, it seems fitting that we should read and study the accounts on which Easter is based, namely the stories in Matthew, Mark, Luke, and John about the resurrection of Jesus from the dead. The goal of this volume is to move beneath the surface of the stories to explore what the Resurrection means for our lives. This is the method of spelunking scripture. As we examine each passage, we move beyond the details of the narrative to probe how it speaks to us and to seek connections with life today. Each resurrection narrative or post-resurrection appearance is interpreted by three sermons. The sermons are designed to bring the resurrection of Jesus into our time and circumstance and to enable us to recognize the risen Christ in our midst.

**Spelunking Scripture** is a series of studies based on some of the most important passages of the Bible. Other volumes in this series include Christmas, The Letters of Paul, and Acts, and the General Epistles of the New Testament. The Easter study focuses on the passages in the Gospels that tell about the Resurrection, just as the Christmas study focuses on the birth narratives. All scripture is inspired, but not every passage of scripture is of equal importance. These passages of scripture that tell the story of the Resurrection are among the most important ones in the Bible.

**A Risen Christ in Eastertime** Raymond Edward Brown, 1991. In this book, Raymond E. Brown makes the rich insights of the modern biblical exegesis available for reflection during the Easter season by commenting on the Gospel stories of the risen Christ. Adapted from back cover. *A Synopsis of the Gospels in Greek* Arthur Wright, 1906.
