Developing Your First Expert System:

Developing Expert Systems Using 1st-CLASS Christopher Ruth, Stephen R. Ruth, 1988 *Information Technology Management* Jay Liebowitz, 1998-07-27 Mainly based on the author's personal experiences with a variety of organizations this succinct book presents short cases, anecdotes, and vignettes describing the management of information technology. Information Technology Management includes numerous case studies primarily focusing on business industry and government systems. This singular resource serves expert systems managers and information technology managers and developers. Although the material emphasizes those cases involving management relating to expert systems technology, the reader can replace the term expert system with information system technology in almost all the case studies as many of the lessons generally hold true for information systems.

Developing Expert Systems Guy Benchimol, Pierre Lévine, Jean-Charles Pomerol, 1987 Cases on Information Technology Management in Modern Organizations Jay Liebowitz, Mehdi Khosrowpour, 1997-01-01 Information systems professionals learn best from the experiences of others. Successes and failures from others can help the IS commonly further develop and flourish. This book is a compilation of original case studies that describe information technology experiences in both domestic and international organizations.

Encyclopedia of Microcomputers Allen Kent, James G. Williams, 1987-10-01 The Encyclopedia of Microcomputers serves as the ideal companion reference to the popular Encyclopedia of Computer Science and Technology. Now in its 10th year of publication, this timely reference work details the broad spectrum of microcomputer technology, including microcomputer history, explains and illustrates the use of microcomputers throughout academe, business, government, and society in general, and assesses the future impact of this rapidly changing technology.

Journal of Object-oriented Programming, 1991 **The Dynamics of Decision Support Systems and Expert Systems** Jay Liebowitz, 1990 In most business information systems curricula, either a course on decision support systems (DSSs) or a separate track in DSSs has been established. Decision support systems have been around since the early 1970s, and their proliferation and use in homes and businesses have increased dramatically over the years. In recent years, however, the impact of artificial intelligence, particularly expert systems (ESs), has accelerated. DSS technology, its applications, design methodologies, and implementation strategies. The goal of this book is to explain DSSs and ESs, the relationships between these two applied technologies, their synergistic effects upon each other, and their differences, and to show what effect their interaction has had on the framework processes and technical components for building DSSs.
