Proclamation 4, series c, Easter Robert H. Smith,1989 **God in the Fray** Walter Brueggemann,Tod Linafelt,Timothy Kandler Beal, This volume engages the work of Walter Brueggemann most of which has been published by Fortress Press The volume centers on the character of God in the text of the Old Testament as a site of theological tension and even ambivalence Biblical faith never experiences God as entirely above the fray but rather as entangled in history astonishingly transformative and impinged upon by the voices of the suffering Brueggemann s monumental Theology of the Old Testament addresses this fact with great theological insight and rigor and the internationally renowned biblical scholars writing here engage and extend his insights into the unsettled Character at the center of the text **Proclamation 4, series c, Pentecost 3 : easter** David G. Buttrick,1989 Library Journal ,1980 **Catalog of Copyright Entries** Library of Congress. Copyright Office,1977 *Prisons, Punishment, and the Family* Rachel Condry,Peter Scharff Smith,2018-11-10 Every year millions of families are affected by the imprisonment of a family member Children of imprisoned parents alone can be counted in millions in the USA and in Europe It is a bewildering fact that while we have had prisons for centuries and the deprivation of liberty has been a central pillar in the Western mode of punishment since the early nineteenth century we have only relatively recently embarked upon a serious discussion of the severe effects of imprisonment for the families and relatives of offenders and the implications this has for society This book draws together some of the excellent research that addresses the impact of criminal justice and incarceration in particular upon the families of offenders It assembles examples of recent and ongoing studies from eight different countries in order to not only learn about the secondary effects and collateral consequences of imprisonment but also to understand what the experiences and lived realities of prisoners families means for the sociology of punishment and our broader understanding of criminal justice systems While punishment and society scholarship has gained significant ground in recent years it has often remained silent on the ways in which the families of prisoners are affected by our practices of punishment This book provides evidence of the importance of including families within this scholarship and explores themes of legitimacy citizenship human rights marginalization exclusion and inequality *The Publishers Weekly* ,1980 **Proclamation 4, series c, Pentecost 1 : easter** M. September how can a written Constitution be good for the people of Scotland If Scotland has voted NO how could a new Constitution protect and enhance Scottish democracy within a restructured UK Whether YES or NO a reconstituted Scotland is possible and good for all its citizens Nearly every democracy in the world is built upon a written constitution and constitutions have been at the core of citizens demands for better governance in places as disparate as Kenya Tunisia and Ukraine With the Scottish National Party promising a written constitution in the event of a YES vote and other parties suggesting other possible options for constitutional change in the event of a NO vote constitutional change looks certain to remain central to the political agenda in Scotland for some time to come But what is a constitution for Is it a defensive charter to protect the basic structures of democratic government or is it a transformative covenant for a better society How can the Constitution sustain democracy and promote ethical politics while at the same time recognising and accommodating differences in society What difference would a good Constitution make to the poor How can the Constitution help ensure that the common good of the citizenry prevails over private vested interests In addressing these questions this book sets out a vision for how Scotland could reconstitute itself It emphasises the connection between the constitution democracy and the common good arguing that democratic self government is the true prize regardless of the relationship of Scotland to the rest of the UK This book not only makes a vital contribution to Scotland s current and on going constitutional debate whatever the outcome in September 2014 but also engages with fundamental questions of constitutionalism and democracy that are of enduring relevance to both citizens and scholars around the world [Library of Congress Catalog](#) Library of Congress,1974 Beginning with 1953 entries for Motion pictures and filmstrips Music and phonorecords form separate parts of the Library of Congress catalogue Entries for Maps and atlases were issued separately 1953 1955 [Maritime Notes and Queries](#) Sir William Mitchell,1881 [Music in Print Master Title Index, 1999](#) [emusicquest,1999](#)
