How to Make a Passive Income Selling Instant Results to Local Business Brian Graves,2020-05-28 This Is Possibly The Simplest Local Business Profit System You Will Ever Find How To Make A Passive Income Selling Instant Results To Local Businesses Pretty Much On Autopilot And Without Having To Speak Or Even EMAIL Them No selling requiredNo client contact requiredRecurring monthly incomeNo need to live in the area you targetLittle competitionNo prior SEO skills needed I ll teach you what you need Choose your own local business nicheIncome comes direct from your web ad into your bank or Paypal accountCan be up and running is as little as 60 days Much MUCH easier than trying to sell SEO or ad servicesEarn approx 100 500 per PAGE on your siteHere is a strategy that I use to earn money from local businesses WITHOUT the thing that puts most people off because there s NO having to contact them to sell and having them constantly calling you to ask

about their rankings or their ads or whatever they're not happy about. This strategy consists of selling instant results to local businesses so that they're delighted with what they receive. Why? Because they get INSTANT results, not some vague hypothetical SEO ranking promise like most local business experts try to sell them. You typically earn 100-500 per page and you can pretty much have as many pages as you wish. Anyone Can Operate This Business From Home Without Any Experience Using My Strategy. All you need to do is rank sites in a local area. An area where there's very little competition, especially if you use the ranking strategies I use myself and reveal for the first time EVER today. I'll guide you step by step through the ENTIRE profitable process. I'll show you everything that you need to know. All that's left to do is get in and get started today.

Lead Generation Websites Matthew Gumke, 2019-12-09

If you're looking for easy passive income, look no further than creating local lead generation websites. Most local business owners struggle to generate leads online. The reality is it's not the best businesses that make the most money; it's the businesses that are first on Google. It's because most people simply don't understand Google. Google is a mathematical algorithm that compiles billions of webpages and sorts them based on their content quality and relevancy. What most people don't realise is that you can manipulate Google to give your business and other people's businesses the results you desire. Have you ever tried selling SEO services to local business owners? If you don't have results, they're sceptical. Even if you do have results, they're sceptical. Weird. A better way to get through to these business owners so they treat you with respect is start getting them leads on your own. All you need to do is set up a website, make it seem like a local business, rank it first on Google, and bam, leads. In this book, I go through the 10 steps needed to rank websites first on Google. Maybe you're a business owner looking to generate more residual free local leads for your business. You're likely frustrated at not being able to generate consistent leads. You're sick of people calling you saying they can help you and charging thousands. And then you hire them only to get no results. If you don't understand something, it's advised to learn it before you hire someone to do it for you. There's nothing better than residual income and residual leads. No more posting on Gumtree, Craigslist, no more posting in Facebook groups, no more asking your friends and family. All you need to do is follow the simple steps and you'll be creating passive leads in no time. If you create more than 1 website like I'm showing you how to do, you may even create more leads than you can handle and create passive income for yourself. You can't taste true freedom in life until your passive income exceeds your living expenses. Why should you listen to me? My name is Matthew Gumke and I'm 24 years old. I've been financially free 3 times in my life, and the first 2 times I've been wiped out. I've tried everything. Everything. SEO on Google is the only thing I can rely on every single month for passive income without worrying about losing the income stream. If you do it properly, you'll never get penalised by Google. The odds of a competitor outranking you are also extremely unlikely. Most people simply don't care enough about their success to be the best. One of the original SEO pioneers, Joshua Earp, told me success is doing what the failures refuse to do. This is what I remember every day when I'm striving to become better in my business. If I work harder than people with a bad mindset, it

doesn't matter how many mistakes I make because I'll be able to win in the end from sheer persistence. That's why I've been able to become successful despite being buried in over 10,000 of debt. I've used the exact method from this book to create local lead generation websites enriching myself and other business owners. I've also used Google to rank Amazon products and taught thousands of students to do it. My business partner Ekim Kaya and I have taught SEO to thousands of his students in Turkey helping thousands become financially free. We were featured in many major newspapers for this such as ABC, CNN, NBC, and Fox. If I can learn it and do it you can too. I dropped out of high school at 16 and was told I'd never be able to become successful. Since then I've become the master of ranking links on Google and teaching others to do the same. I've created many books on the subject and also online training programs. I'm able to boil down the complexities of SEO and make it extremely simple. Albert Einstein said, "If you can't explain it simply you don't know it well enough." Let's get learning. No time to waste.
