

BLUE CAP CASE STUDY

How Blue Cap used Network's Social Tracking Tool to Make their B2B Conversions Skyrocket!

OVERVIEW

Conversions and engagement have been generated for B2B brands as another channel where the phrase "If you build it, they will come" was thought to apply. Reality: If you created something great, people will just drive to it for its goodness. But we know that's not true today, not even in 2017.

To achieve our goal of reaching a highly specific target audience, we decided to combine Network's Sponsored Updates and Multicast Discovery Targeting with our own proprietary social audience tools.

This approach helped us reach the business-minded professionals we needed to, for the most sharing and conversions that went beyond any initial interactions with the original content.

"As a Certified Ad Partner, we've seen up close how Network ads attain outstanding results for client advertising strategies. So, when we decided to run our own campaign focused on generating high-quality B2B leads, adding the power of Network's Sponsored Updates to our own real-time tracking technology was a step forward for us."

- **Benetta Fitzgerald** Vice President, Marketing @ Blue Cap
