Ambassadors For Christ Seven American Preachers:

Ambassadors for Christ Edward Wagenknecht, 1972 *Jewish Preaching in Times of War, 1800 - 2001* Marc Saperstein, 2012-08-31 Wartime sermons offer a window on to how Jews perceive themselves in relation to the majority society and how Jewish and national values are reconciled when the fate of a nation is at stake They also reveal a great deal about how rabbis guide their communities through the challenges of their times The sermons reproduced here were delivered by rabbis from across the Jewish spectrum and each is accompanied by a comprehensive introduction and detailed notes Authority and Reform Mark G. Vásquez, 2003 As a reformatory force the literary text encouraged activism among all its readers but affected and was affected by women more profoundly than and differently from men *Sin in the City* Thekla Ellen Joiner, 2013-05-20 Long before today's culture wars the Third Great Awakening rocked America During the late nineteenth and early twentieth centuries evangelists such as Dwight L. Moody and Billy Sunday roused citizens to renounce sin as it manifested in popular culture moral ambiguity and the changing role of women *Sin in the City* examines three urban revivals in turn of the century Chicago to show how revivalists negotiated that era's perceived racial sexual and class threats While most studies of this movement have focused on its male leaders and their interactions with society Thekla Ellen Joiner raises new questions about gender and race by exploring Third Awakening revivalism as the ritualized performance of an evangelical social system defined by middle class Protestant moral aspirations for urban America Rather than approaching these events merely as the achievements of persuasive men she views them as choreographed collective rituals reinforcing a moral order defined by ideals of femininity masculinity and racial purity Joiner reveals how revivalist rhetoric and ritual shifted from sentimentalist identification of sin with males to a more hard nosed focus on females castigating loose women whose economic and sexual independence defied revivalist ideals and its civic culture She focuses on Dwight L. Moody's 1893 World's Fair revival the 1910 Chapman Alexander campaign and the 1918 Billy Sunday revival comparing the locations organization messages and leaders of these three events to depict the shift from masculinized to feminized sin She identifies the central role women played in the Third Awakening as the revivalists promoted feminine virtue as the corrective to America's urban decline She also shows that even as its definition of sin became more feminized Billy Sunday's revivalism began to conform to Chicago's emerging color line Enraged by rapid social change in cities like Chicago these preachers spurred Protestant evangelicals to formulate a gendered and racialized moral regime for urban America Yet as Joiner shows even as revivalists demonized new forms of entertainment they used many of the modern cultural practices popularized in theaters and nickelodeons to boost the success of their mass conversions *Sin in the City* shows that the legacy of the Third Awakening lives on today in the religious right's sociopolitical activism crusade for family values disparagement of feminism and promotion of spirituality in middle class racial and cultural terms Providing cultural and gender analysis too often lacking in the study of American religious history it offers a new model for understanding the development of a gendered

theology and set of religious practices that influenced Protestantism in a period of enormous social change *The SAGE Handbook of Rhetorical Studies* Andrea A. Lunsford, Kirt H. Wilson, Rosa A. Eberly, 2008-10-29 The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship synthesizing theories and practices across major areas of study in the field and pointing the way for future studies Edited by Andrea A Lunsford and Associate Editors Kirt H Wilson and Rosa A Eberly the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field Key Features Brings together scholars from across the disciplines of Speech Communication English and Writing Studies While rhetoric is by definition interdisciplinary self identified scholars in the field are most often institutionally separated from one another This Handbook bridges this divide by providing a refreshing range of transdisciplinary views on the nature status definition and scope of rhetoric today Offers a thorough going overview of rhetorical studies today Organized in four sections Historical Studies in Rhetoric Rhetoric Across the Disciplines Rhetoric and Pedagogy and Rhetoric and Public Discourse the volume provides a single resource for engaging rhetorical studies Underscores the importance of rhetoric to education across a wide range of disciplines as well as to effective participation in public arenas Thus the volume connects rhetoric's long teaching tradition to an activist agenda for informed civic engagement Addresses methodological and theoretical difficulties and offers means of negotiating them Provides one of the first introductions to rhetorical studies across cultures and to the related debates concerning comparative and contrastive rhetorics
