Local SEO Matt Miciula, MBA,2023-10-17 Many home service businesses stumble upon Search Engine Optimization SEO while looking for new strategies to scale their business and drive new customers In this kind of industry it is crucial that you know your local community and its needs The ultimate goal is to draw their attention to your services and the values you bring them You might wonder how optimizing your online presence for search engines can improve your business SEO provides many benefits for home service businesses with a clear idea of who their target audience is namely local residents Understanding why SEO is important for businesses is the key to getting all those benefits and utilizing a proven SEO strategy It can be an overwhelming learning curve when getting all the information you need to know about search engine optimization This is where trained SEO experts take over and provide you with the best SEO tactics to improve your organic traffic This refers to authentic website traffic from potential customers through unpaid search engine results You will get everything you need to boost your marketing efforts by adding SEO to your digital marketing strategy In this book you will learn why SEO is important for home service businesses and how a well organized SEO campaign can be an absolute goldmine for your business

The Local Seo Handbook: Learn the Basics of Local Seo to Impact Your Marketing by Using the Rap System Jonathan Alonso,2018-09-02 Did you open a new local business Are you a struggling business Or are you simply looking at ways to market your retail locations Based on experience I bring you this handbook full of what helped me acquire top rankings for Local small and medium businesses and large franchises alike Don t settle with just hiring anyone to do this for you Even if you don t have the time you want to know what the strategy is about and what it entails to hire the right freelancer or agency I outline importance How Google search brings data together and

actionable steps to hire or do it yourself All in one handbook ready to be put to work From restaurants to doctors offices lawyers machine shops and local mechanics you need to know what can help you bring in customers ready to purchase your service or product This book outlines a plug and play strategy for any business owner to understand and implement

Local Seo Tom Crandall,2016-11-17 Ever wonder how businesses rank locally when performing a Google Search I did so I set off on a mission to uncover a consistent method to help boost a business s local ranking In my very first publication Local SEO A Roadmap To Successful Local Ranking I am going to walk you through some of the best Local SEO techniques to get a business not only discovered locally but ranked Whenever you perform a Google Search Google s algorithm takes over and provides result listings that best match the criteria according to Google s page and domain ranking factors For those that don t quite understand ranking factors let me explain Each page and domain has a ranking value These are typically called Page and Domain Authority The higher the authority the higher the page will rank Google and other search engines determine a pages rank or authority based on various search metrics including content keywords number of backlinks age of the website title header tags images and so on For any given localized search the results are usually broken out by Paid Advertising Shown at the top and bottom of the listings Local Business listings Business listings from Google Maps Organic Search Results Everything else In this book Local SEO A Roadmap To Successful Local Ranking I am focusing on the Local Business Listings and how anyone using my methods can boost their local presence on the web A little bit about me My first experience with computers was on Christmas day when I opened up a game called Pong It was one of the first TV computer games and at the time it was cutting edge Fast forward a bit and my dad bought an Atari 800 computer that I somehow convinced him was better than the Apple alternative Needless to say I used the Atari more than he did Fast forward a bit more and I was in college studying computer science When I graduated my first real job was programming expert systems That job only lasted a short while and then I became a System Analyst working on all sorts of Government Projects In 2008 I moved to a place called Austin and really got my feet wet designing websites for clients During that time I also became interested in all things SEO but never really got to flex my muscles It wasn t until 2016 that I found myself unemployed and wondering what I should do in life After countless resumes failed to get traction in the job market for positions I was interested in a realization hit me that maybe I don t need a company to work for but rather work for myself My wife Kathleen and our pug Olaf were very supportive of the idea So I started a company called <http://HangTenSEO.com> with the goal to help clients out rank their competition Along the way I also started writing articles on SEO best practices which were in many ways teaching moments for me In writing the articles I really had to understand the subjects I was writing about and how to use the techniques to get the best results
