Angels of the Anasazi Jack Mitchell,2011-12-15 Angels of the Anasazi A young man awakens one day in a strange new land with no memory of who he was or how he got there He traveled days in the canyons until found by the people who inhabit this land and welcomed him as an Angel from their legends Over time he finds that he has special skills and a strange protector The mystery of those who came before leads him to the Priests whose sacred prayer rituals reveal more His search for the truth convinced the stone masons to tell him their ancient secrets The love for a beautiful maiden leads to decisions he must make about his future on this world The leaders of the empire embrace his advanced knowledge yet some tried to kill him When the ancient stories finally come together he begins a quest to find the final amazing piece of the puzzle

Evolution of the Creation and Soul Andreas Wolf von Guggenberger,2023-05-16 In his work Evolution of Creation and the Soul Andreas Wolf von Guggenberger describes a fascinating creation myth and presents a new ethic for our time His original vision of the origin and genesis of creation combines scientific and spiritual theories with a deeply felt religious vision to create a stirring synthesis In it he describes How souls might have come into being with their levels of perception How they communicate How in the ADAMEBENE in the heavens the basic concepts for the universe and man evolved A new perspective on the Adam Eve myth The origin of the universe with the evolution of human beings He expands the concept of evolution by distinguishing between a spiritual evolution of consciousness and a material evolution of the universe Spiritual and material interpenetrate and mutually evolve How fate mental predispositions the will and chance

create each other With 154 principles of creation he describes a continuous evolution of soul and creation He shows how these principles manifest themselves simultaneously in the everyday perception of man His work has emerged from introspection research and a journey of realization He draws from his own visions which is why his concepts differ from those of other philosophers and religious thinkers

Angel of Hope Mary Tsuchihashi,2012-12-03 This story was inspired by a beautiful cemetery the author saw in southern California after attending the funeral of a relative She wanted to write a story revolving around a lovely cemetery Mary Tsuchihashi has always been interested in ghost stories especially cheerful stories like Casper Topper and the Canterville Ghost The point of this story is not to scare people but to give a feeling that your spirit still goes on after you are physically gone What would you like to do if you had no limits and could open a new page to existence
