Legacies of the Drunken Master Luke White,2020-04-30 In 1978 the films Snake in the Eagle s Shadow and Drunken Master both starring a young Jackie Chan caused a stir in the Hong Kong cinema industry and changed the landscape of martial arts cinema Mixing virtuoso displays of acrobatic kung fu with knockabout humor to huge box office success they broke the mold of the tragic and heroic martial arts film and sparked not only a wave of imitations but also a much longer trend for kung fu comedies that continues to the present day Legacies of the Drunken Master the first book length analysis of kung fu comedy interrogates the politics of the films and their representations of the performing body It draws on an interdisciplinary engagement with popular culture and an interrogation of the critical literature on Hong Kong and martial arts cinema to offer original readings of key films These readings pursue the genre in terms of its carnival aesthetic the utopias of the body it envisions its highly stylized depictions of violence its images of masculinity and the registers of its hysterical laughter The book s analyses are carried out amidst kung fu comedy s shifting historical contexts including the aftermath of the 1960s radical youth movements the rapidly globalizing colonial enclave of Hong Kong and the emerging consciousness of its 1997 handover to China and the transnationalization of cinema audiences It argues that through kung fu comedy s images of the body the genre articulated in complex and often contradictory ways political realities relevant to late twentieth century Hong Kong and the wider conditions of globalized capitalism The kung fu comedy entwines us in a popular cultural history that stretches into the folk past and forward into utopian and dystopian possibilities Theoretically rich and critical Legacies of the Drunken Master aims to be at the forefront of scholarship on martial arts cinema It also addresses readers with a broader interest in Hong Kong culture and politics during the 1970s and 1980s postcolonialism in East Asia and action and comedy films in a global context as well as those fascinated with the performing body in the martial arts **A**

*Learning To Be A Disciple* Luella Campbell, 2017-08-04 Discipleship and sonship are intimately connected Jesus was a Son to His Father and a rabbi to His disciples His goal was to teach His disciples how to be sons by introducing them to the Father and calling them to follow Him and imitate Him as God's beloved Son They were to be His replicas on earth training others to follow Him Jesus was a Jew born and raised in the Jewish language and culture of His day Out of this richness He invited and trained uneducated men to take His yoke learn from Him and go into the world to set people free from their yokes of bondage Westernization has obscured the Biblical meaning of discipleship and pawned believers who have lost the truth and simplicity of following Jesus The church has been fragmented by theology and tradition instead of being united by the Spirit of Jesus Jesus stripped Judaism of its impositions by taking people back to the Torah and explaining what God meant not what rabbis imposed on it This book is an attempt to re-introduce believers to Jesus's yoke by teaching them to embrace the spirit of Torah which reflects not rules or religion but mercy based on the love of the Father

*Jewish-Christian Relations* Abel Mordechai Bibliowicz, 2019-03-01 I am in fundamental agreement with Bibliowicz's thesis that the anti-Jewish polemic in the New Testament reflects debates between Jewish and Gentile followers of Jesus not a polemic between Christians and Jews and with the implications which he has drawn for Christian theology May this book find a wide readership among people devoted to the cause of the healing of memories between Jews and Christians Peter C Phan Professor Chair of Catholic Social Thought Georgetown University President of the Catholic Theological Society of America Standing on a brilliant and insightful reconstruction of Paul and on a quite shocking but perhaps compelling reading of Mark the author offers a number of original and in some cases quite compelling theoretical reconstructions of the context and purposes of early Christian texts a work of sublime moral passion David P Gushee Distinguished University Professor of Christian Ethics and Director Center for Theology and Public Life Mercer
