A Dream Play And Four Chamber Plays:

A Dream Play, and Four Chamber Plays August Strindberg, Walter Gilbert Johnson, 1975 Contains five psychological dramas by the Swedish playwright which rely upon atmosphere and mood to convey meaning **Postmodern Theatric(k)s** Deborah R. Geis, 2026-02-16 Postmodern Theatric k s focuses on the voices that have emerged from American experimental theater of the 1960s voices shaped by the culture of television film Pop Art and rock music Increasingly these writers have brought a distinctly new approach to the use of monologue Deborah Geis argues that in place of the psychological revelation of the Shakespearean soliloquy these postmodern monologues play tricks by altering suspending or rupturing the narrative progress of a play Character development through monologue is replaced by parody theatricality and con games For some recent performance artists the notion of character itself explodes as monologue permits the performer to play at blurring the fictional and the autobiographical The author begins by tracing the changing role of monologue from classical drama through the early modernists she also pinpoints the connections between the off Off Broadway theater of the sixties and new uses of monologue The focus then turns to several key American playwrights including Sam Shepard and David Mamet Geis shows how monologue as a technique for giving voice to previously silenced speakers has played a crucial role in works by feminist and African American dramatists like Maria Irene Fornes and Ntozake Shange The author closes with an examination of the works of Spalding Gray and Karen Finley two performance artists whose monologues display unique efforts at boundary crossing As the first study of its kind on monologue in theatrical narrative and as a discussion of recent American playwrights from a comparative critical perspective Postmodern Theatric k s will be of interest to specialists in dramatic theory and criticism specialists in performance studies and theater practitioners The volume will also appeal to readers interested in literary theory cultural studies feminism and performance art *Strindberg's Dramaturgy* Göran Stockenström, 1988
