Catalogue of the reference library** John Davis Mullins,1883 **A History of Ancient Britain** Neil Oliver,2011-09-15 Who were the first Britons and what sort of world did they occupy In A History of Ancient Britain much loved historian Neil Oliver turns a spotlight on the very

beginnings of the story of Britain on the first people to occupy these islands and their battle for survival There has been human habitation in Britain regularly interrupted by Ice Ages for the best part of a million years The last retreat of the glaciers 12 000 years ago brought a new and warmer age and with it one of the greatest tsunamis recorded on Earth which struck the north east of Britain devastating the population and flooding the low lying plains of what is now the North Sea The resulting island became in time home to a diverse range of cultures and peoples who have left behind them some of the most extraordinary and enigmatic monuments in the world Through what is revealed by the artefacts of the past Neil Oliver weaves the epic story half a million years of human history up to the departure of the Roman Empire in the Fifth Century AD It was a period which accounts for more than ninety nine per cent of humankind s presence on these islands It is the real story of Britain and of her people

Britain B.C. Francis Pryor, 2003 Based on new archaeological finds this book introduces a novel rethinking of the whole of British history before the coming of the Romans So many extraordinary archaeological discoveries many of them involving the author have been made since the early 1970s that our whole understanding of British prehistory needs to be updated So far only the specialists have twigged on to these developments now Francis Pryor broadcasts them to a much wider general audience Aided by aerial photography coastal erosion which has helped expose such coastal sites as Seahenge and new planning legislation which requires developers to excavate the land they build on archaeologists have unearthed a far more sophisticated life among the Ancient Britons than has been previously supposed Far from being the woaded barbarians of Roman propaganda we Brits had our own religion laws crafts arts trade farms priesthood and royalty And the Scots English and Welsh were fundamentally one and the same people
