A Of Cats Poems In Prose:

The Little Book of Cats Robin Langley Sommer,1995 **Cats** Emily Tibbs,2001 *Selections from the Poetry and Prose of Thomas Gray* Thomas Gray,1894 Of Cats and Other Tales Sandra C. Johnston,2013-04-17 My intention as a healer is to begin a process for many people who have never understood the connection to our Mother Earth and all her creatures I hope to open a doorway of understanding for those who seek the Oneness of all life My wish for you is that each poem each prose piece each story carries medicine for you Through art and self expression each brings certain aspects of knowledge These are lessons I personally learned from the animals birds insects and human beings that crossed my path These lessons are inclusive of my strengths and weaknesses my talents and gifts my vision and purpose and my place in life In times of uncertainty animals have been a source of comfort a source of protection from fear a reminder of centered knowingness and connection To balance the energy of uncertainty I meditated upon the experiences As I entered the silence my questions of self mystery were answered as I wrote In striving to be whole I reflected upon the harmony as well as the discord of my many fragments Earths creatures are healing in that they soothe the spirit and empower the will The truth needs no explanation just reflection May this book enrich the lives of all of you that it touches and may you feel my love as you journey along with me **The casquet of literature, a selection in poetry and prose, ed. with notes by C. Gibbon** Casket,1873

On Cats Charles Bukowski, 2015-12-01 A raw and tenderly funny look at the human cat relationship from one of our most treasured and transgressive writers The cat is the beautiful devil Felines touched a vulnerable spot in Charles Bukowski's crusty soul For the writer there was something majestic and elemental about these inscrutable creatures he admired sentient beings whose searing gaze could penetrate deep into our being Bukowski considered cats to be unique forces of nature elusive emissaries of beauty and love On Cats offers Bukowski's musings on these beloved animals and their toughness and resiliency He honors them as fighters hunters survivors who command awe and respect as they grip tightly onto the world around them A cat is only ITSELF representative of the strong forces of life that won't let go Funny moving tough and caring On Cats brings together the acclaimed writer's reflections on these animals he so admired Bukowski's cats are fierce and demanding he captures them stalking their prey crawling across his typewritten pages waking him up with claws across the face But they are also affectionate and giving sources of inspiration and gentle insistent care Poignant yet free of treacle On Cats is an illuminating portrait of this one of a kind artist and his unique view of the world witnessed through his relationship with the animals he considered his most profound teachers
