

An aerial photograph of a beach at sunset. The ocean waves are breaking on the shore, creating white foam. The sand is a warm golden-brown color, and the sky is a mix of orange and blue. The overall mood is peaceful and serene.

See golden days, fruitful of  
golden deeds, With joy  
and love triumphing.

Yonge,2018-07-14 **A Book of Golden Deeds True Stories of Courage and Self sacrifice** by Charlotte M Yonge As the most striking lines of poetry are the most hackneyed because they have grown to be the common inheritance of all the world so many of the most noble deeds that earth can show have become the best known and enjoyed their full meed of fame Therefore it may be feared that many of the events here detailed or alluded to may seem trite to those

in search of novelty but it is not for such that the collection has been made It is rather intended as a treasury for young people where they may find minuter particulars than their abridged histories usually afford of the soul stirring deeds that give life and glory to the record of events and where also other like actions out of their ordinary course of reading may be placed before them in the trust that example may inspire the spirit of heroism and self devotion For surely it must be a wholesome contemplation to look on actions the very essence of which is such entire absorption in others that self is forgotten the object of which is not to win promotion wealth or success but simple duty mercy and loving kindness These are the actions wrought hoping for nothing again but which most surely have their reward We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
