methods of assassination had been considered by the SOE but were ultimately deemed too complicated. These methods included derailment and destruction of the Hitler's personal train the Führerzug by explosives and also clandestine means such as slipping a tasteless poison into Hitler's drinking and cooking water. Some of the ideas were considered quite bizarre including one scheme to hypnotise Rudolf Hess and return him to Germany to kill Nazi leaders. The Americans and Soviets had their own plans to kill Hitler too with some equally strange ideas including injecting female hormones into the Führer's vegetables. Eventually after intel gathered revealed that Hitler took a routine solitary walk every morning to the Teehaus on the Mooslahnerkopf Hill from the Berghof residence a plan was created to assassinate Hitler using a sniper rifle fitted with a silencer. A perfect investigation for readers who enjoy reading about modern history and the Second World War in particular. It is also tailored to those with an interest in the secret war covering topics like the SOE and military intelligence.

**Screening the Art World** Temenuga Trifonova, 2025-10-01. Screening the Art World explores the ways in which artists and the art world more generally have been represented in cinema. Contributors address a rarely explored subject: art in cinema rather than the art of cinema, by considering films across genres, historical periods, and national cinemas in order to reflect on cinema's fluctuating imaginary of art and the art world. The book examines the intersection of art history with history in cinema: cinema's simultaneous affirmation and denigration of the idea of art as truth, the dominant, often contradictory ways in which artists have been represented on screen, and cinematic representations of the art world's tenuous position between commercial good and cultural capital.

**Masculine Jealousy and Contemporary Cinema C.** Yates, 2007-09-12. This study provides new insights into the link between masculinity and jealousy through a study of representations of male jealousy in modern Hollywood cinema. It argues through examples of films and their reception in the press that male jealousy has played a key role in the psychocultural shaping of Western masculinities and male fantasy.

**Batman Is Jesus** Siku, 2022-08-02. Artist-theologian Siku, creator of *The Manga Bible* and artist on *Judge Dredd*, introduces the concept of Narrative Theology and the specific subset of Graphic Theology that informs his unique work and ministry. Through the visual language of superhero archetypes, legend, and lore, he demonstrates a contemporary method of engaging with the Bible that resonates with how the Hebrew sages and prophets of pre-antiquity read Scripture. This, one of a kind contribution to the *My Theology* series, is presented in full color as a mix of text and Siku's dynamic artwork and comic-style illustration. In the *My Theology* series, the world's leading Christian thinkers explain some of the principal tenets of their theological beliefs in concise, pocket-sized books.
