Built To Last Biblical Principles For Church Restoration:

Tracks and Traces Paul S. Fiddes,2007-09-01 This is a comprehensive yet unusual book on the faith and life of Baptist Christians It explores a Baptist understanding of the church ministry sacraments and mission from a thoroughly theological perspective In a series of interlinked essays the author relates Baptist identity to a theology of covenant and to participation in the communion of the triune God The book thus surveys the tracks of heritage giving a solid historical background to each of the major themes while at the same time offering traces of possible paths for the future based on a tracing out of a vision of God

You Mean I Don't Have to Tithe? David A. Croteau,2010-02-01 Tithing is a well known church practice in our day and age but do church goers really practice it When did the concept of tithing begin How is it justified What does the Bible say about it You Mean I Don t Have to Tithe is a detailed study on the controversial topic of tithing covering over 2 000 years of well known theologians regarding this topic Dr Croteau s intense tithing investigation will enable you to explore tithing and related topics in depth expounding many misconceptions of tithing as well as aiding in a correct understanding of this popular topic

Beyond Tithing Stuart Murray,2011-12-19 Tithing is biblical but not Christian So asserts Dr Stuart Murray in this radical examination of the contemporary practice of tithing in which the author comes to some surprising conclusions Stuart Murray clearly explains tithing in the Old Testament and in Christian history but then probes further asking penetrating questions such as Is tithing Christian Did Jesus tithe Does tithing function as a regressive tax burdening the poor while the rich get richer Does tithing lead to a legalistic approach that alienates us from Jesus The author suspects that a lot of the current lack of interest in the church stems from deep seated memories of the church as oppressive uncreative and money grabbing In response we should therefore learn not to calculate percentages but explore creative ways of developing communities of justice and generosity that are good news to the poor Beyond Tithing will stimulate your thinking and challenge the dominant influence of the practice of tithing as the model for Christian stewardship
