Curtis, 2017-03-15 Mikhail Bulgakov 1891 1940 was one of the most popular Russian writers of the twentieth century but many of his works were banned for decades after his death due to the extreme political repression his country enforced Even his great novel The Master and Margarita was written in complete secrecy during the 1930s for fear of the writer being arrested and shot In her revelatory new biography J A E Curtis provides a fresh account of Bulgakov s life and work from his idyllic childhood in Kiev to the turmoil of World War One the Russian Revolution and civil war Exploring newly available archives that have opened up following the dissolution of the USSR Curtis draws on new historical documents in order to trace Bulgakov s life She offers insights on his absolute determination to establish himself as a writer in Bolshevik Moscow his three marriages and tumultuous personal life and his triumphs as a dramatist in the 1920s She also reveals how he struggled to defend his art and preserve his integrity in Russia under the close scrutiny of Stalin himself who would personally weigh in each time on whether one of his plays should be permitted or banned Based upon many years of research and examining previously little known letters and diaries this is an absorbing account of the life and work of one of Russia s most inventive and exuberant novelists and playwrights **Bulgakov** Ellendea Catherine Proffer, 1990-01-01 **The Works of Mikhail A. Decade J. A. E. Curtis, 1987-04-24 Published in 1987 this book was the first full length interpretative study in English of the later writings of the outstanding Soviet novelist and playwright Mikhail Bulgakov 1891-1940 The focus is the 1930s the period when Bulgakov was writing *The Master and Margarita* an extraordinary novel that has had a profound impact in the Soviet Union and which is now generally regarded as his masterpiece Using material from Soviet archives and libraries Dr Curtis suggests that Bulgakov's fundamental preoccupation in this novel with the destiny of literature and of the writer is reflected in other major works of the same period in particular his writings on Pushkin and Molière Bulgakov emerges as a belated romantic a figure unique on the early Soviet literary scene *The Russian Medical Humanities* Melissa L. Miller, Konstantin Starikov, 2021-09-20 For the first time in English *The Russian Medical Humanities Past and Present* argues that the medical humanities is a vibrant and emerging field in Post Soviet Russia In a unique collaboration that brings together diverse experts from both Russia and America this volume showcases the Russian medical humanities as an interdisciplinary project that combines insights from philosophy bioethics anthropology history and literature in order to provide more compassionate medical care to patients in the twenty first century The chapters in this volume explore past and present humanistic trends in Russian medical training as well as examine how Russian authors and cultural figures some physician writers some without professional background in medicine of any kind have positioned healthy and ailing bodies in their creative work This volume's contributors who range from literary scholars educators translators and poets to medical historians librarians museum curators and social workers provide empathetic insight into the experience of medical encounters which all cultures grapple with Their work will prove useful not only to current and future health practitioners but also to a broader audience of readers who are seeking to make compassionate and informed decisions about healthcare for their loved ones and for themselves **Noplace Like Home** Amy C. Singleton, 1997-01-01 Explores the way that four major works of Russian literature Gogol's *Dead Souls* Goncharov's *Oblomov* Zamyatin's *We* and Bulgakov's *The Master and Margarita* define a cultural self for the Russian people Focusing on the deep cultural currents that pull Russian society in contradictory ways *Noplace Like Home* also explores the writer's struggle to overcome these tensions through the creation of a literary utopia **Black Snow** Mikhail Bulgakov, 2016-03-20 A comic novel about the theater world in early Soviet Russia and a biting attack on censorship *The Guardian* UK From the author of *The Master and Margarita* this semi autobiographical satirical novel paints a vibrant portrait of life behind the curtains of the Russian literary and theater arenas in the early decades of the twentieth century Maxudov is a failed novelist who after contemplating suicide adapts his novel into a play that seemingly at random is chosen to be produced at the renowned Independent Theatre As it so often does in theater chaos ensues including bloodthirsty battles between the show's two co-directors modeled on Stanislavsky the famed inventor of Method Acting and his co-director over control of the production near constant drama brewing between the actors and the playwright's own growing host of misgivings and insecurities about his place in the theatrical community With each rehearsal

turning more disastrous than the last it becomes less and less clear whether Maxudov's play will ever be performed at all A masterpiece of black comedy The Irish Times

Medical Storyworlds Elena Fratto, 2021-11-02 Though often seen as scientific or objective medicine has a fundamentally narrative aspect Much like how an author constructs meaning around fictional events a doctor or patient narrates the course of an illness and treatment In what ways have literary and medical storytelling intersected with and shaped each other In *Medical Storyworlds* Elena Fratto examines the relationship between literature and medicine at the turn of the twentieth century a period when novelists were experimenting with narrative form and the modern medical establishment was taking shape She traces how Russian writers such as Dostoevsky Tolstoy and Bulgakov responded to contemporary medical and public health prescriptions placing them in dialogue with French and Italian authors including Romain Rolland and Svevo and such texts as treatises by Paul Broca and Cesare Lombroso In nuanced readings of these works Fratto reveals how authors and characters question the rhetoric and authority of medicine and public health in telling stories of mortality illness and well being In so doing she argues they provide alternative ways of thinking about the limits and possibilities of human agency and free will Bridging the medical humanities European literary studies and Slavic studies *Medical Storyworlds* shows how narrative theory and canonical literary texts offer a new lens on today's debates in medical ethics and bioethics

Permanent Liminality and Modernity Arpad Szokolczai, 2016-10-04 This book offers a comprehensive sociological study of the nature and dynamics of the modern world through the use of a series of anthropological concepts including the trickster schismogenesis imitation and liminality Developing the view that with the theatre playing a central role the modern world is conditioned as much by cultural processes as it is by economic technological or scientific ones the author contends the world is to a considerable extent theatrical a phenomenon experienced as inauthenticity or a loss of direction and meaning As such the novel is revealed as a means for studying our theatricalised reality not simply because novels can be understood to be likening the world to theatre but because they effectively capture and present the reality of a world that has been thoroughly theatricalised and they do so more effectively than the main instruments usually employed to analyse reality philosophy and sociology With analyses of some of the most important novelists and novels of modern culture including Rilke Hofmannsthal Kafka Mann Blixen Broch and Bulgakov and focusing on fin de siècle Vienna as a crucial threshold chronotope of modernity *Permanent Liminality and Modernity* demonstrates that all seek to investigate and unmask the theatricalisation of modern life with its progressive loss of meaning and our deteriorating capacity to distinguish between what is meaningful and what is artificial Drawing on the work of Nietzsche Bakhtin and Girard to examine the ways in which novels explore the reduction of human existence to a state of permanent liminality in the form of a sacrificial carnival this book will appeal to scholars of social anthropological and literary theory

Bulgakov's Apocalyptic Critique of Literature: An eventful history Derek J. Hunns, 1996 This study integrates Bulgakov's Jerusalem Narrative with all the themes of *The Master and Margarita* to discover what the author

believes is Bulgakov's message in the novel. It explains the content and function of the four Jerusalem Chapters and shows that they are an essential part of the novel's theme. The study makes the chapters that rework the Gospels more intelligible for English readers. Critical Survey of Drama: Kobo Abe - Albert Camus Carl Edmund Rollyson, Frank Northen Magill, 2003.
