Armageddon Box

Lauren Gardner

Armageddon Box:

Armageddon's Walls Peter Oldham, 2014-03-31 The British Army and her commonwealth Allies went to war in 1914 with little knowledge and experience of constructing permanent shell proof protective structures Some masonry fortifications such as defensive blockhouses in South Africa had been built but the Royal Engineers of the Army were more versed in simple temporary defences suitable for mobile warfare Home defences were a limited number of forts around naval ports and Martello Towers on the east coast It was considered that the Navy was quite able to defend Britain's coasts The Germans on the other hand as with the other continental countries such as France Belgium Italy Holland Poland Austria etc had been constantly renewing and updating border forts for several centuries They had also maintained fortification and siege elements of their armies who were experienced in designing and constructing strong shelters Both German and French armies began the war with a degree of expertise in what was to become a static war with little movement However by 1918 the British were to surpass both enemy and her allies in the design and construction with supply and logistics of such shell proof cover for troops and defensive positions This book gives the history of development and innovation of concrete bunkers pill boxes blockhouses and general concrete constructions during the First World War Many of these structures some showing obvious signs of war damage still exist in France and Belgium today All the existing structures with photograph except for some which are impractical because of dense vegetation are shown within Many entries have contemporary maps showing how they fitted into a defensive system whilst for others the location can be identified from the text GPS coordinates are given for each entry except for a few which are on private land and where privacy has been requested

Un-American Dreams J. Jesse Ramirez, 2022-04-15 After the end the world will be un American This speculation forms the nucleus of Un American Dreams a study of US apocalyptic science fiction and the cultural politics of disimagined community in the short century of American superpower 1945 2001 Between the atomic attacks on Hiroshima and Nagasaki which helped to transform the United States into a superpower and initiated the Cold War and the terrorist attacks on the World Trade Center and the Pentagon which spelled the Cold War's second death and inaugurated the War on Terror apocalyptic science fiction returned again and again to the scene of America's negation During the American Century to imagine yourself as American and as a participant in a shared national culture meant disimagining the most powerful nation on the planet Un American Dreams illuminates how George R Stewart

Philip K Dick George A Romero Octavia Butler and Roland Emmerich represented the impossibility of reforming American society and used figures of the end of the world as speculative pretexts to imagine the utopian possibilities of an un American world The American Century was simultaneously a closure of the path to utopia and an escape route into apocalyptic science fiction the underground into which figures of an alternative future could be smuggled *The Allure of Immortality* Lyn Millner,2015-10-28 Wall Street Journal s Five Best Books About Cults For five days in December 1908 the body of Cyrus Teed lay in a bathtub at a beach house just south of Fort Myers Florida His followers the Koreshans waited for signs that he was coming back to life They watched hieroglyphics emerge on his skin and observed what looked like the formation of a third arm They saw his belly fall and rise with breath even though his swollen tongue sealed his mouth As his corpse turned black they declared that their leader was transforming into the Egyptian god Horus Teed was a charismatic and controversial guru who at the age of 30 had been illuminated by an angel in his electro alchemical laboratory At the turn of the twentieth century surrounded by the marvels of the Second Industrial Revolution he proclaimed himself a prophet and led 200 people out of Chicago and into a new age Or so he promised The Koreshans settled in a mosquito infested scrubland and set to building a communal utopia inside what they believed was a hollow earth with humans living on the inside crust and the entire universe contained within According to Teed s socialist and millennialist teachings if his people practiced celibacy and focused their love on him he would return after death and they would all become immortal Was Teed a visionary or villain savior or two bit charlatan Why did his promises and his theory of cellular cosmogony persuade so many In *The Allure of Immortality* Lyn Millner weaves the many bizarre strands of Teed s life and those of his followers into a riveting story of angels conmen angry husbands yellow journalism and ultimately hope *The Armageddon Box* Robert E. Weinberg,1991

The Allure of Immortality Lyn Millner,2023-02-07 Wall Street Journal s Five Best Books About Cults The true story of cult leader Cyrus Teed and his hollow earth theory For five days in December 1908 the body of Cyrus Teed lay in a bathtub at a beach house just south of Fort Myers Florida His followers the Koreshans waited for signs that he was coming back to life They watched hieroglyphics emerge on his skin and observed what looked like the formation of a third arm They saw his belly fall and rise with breath even though his swollen tongue sealed his mouth As his corpse turned black they declared that their leader was transforming into the Egyptian god Horus Teed was a charismatic and controversial guru who at the age of 30 had been illuminated by an angel in his electro alchemical laboratory At the turn of the twentieth century surrounded by the marvels of the Second Industrial Revolution he proclaimed himself a prophet and led 200 people out of Chicago and into a new age Or so he promised The Koreshans settled in a mosquito infested scrubland and set to building a communal utopia inside what they believed was a hollow earth with humans living on the inside crust and the entire universe contained within According to Teed s socialist and millennialist teachings if his people practiced celibacy and focused their love on him he would return after death and they would all become immortal Was Teed a visionary or villain savior or two bit charlatan Why

did his promises and his theory of cellular cosmogony persuade so many Now comes the bombshell news that David Koresh apocalyptic leader of the Waco Branch Davidians plagiarized Teed and did so unwittingly Released on the 30th anniversary of the deadly events in Waco this edition of *The Allure of Immortality* includes a preface about this astonishing discovery In this book Lyn Millner weaves the many bizarre strands of Teed s life and those of his followers into a riveting story of angels conmen angry husbands yellow journalism and ultimately hope

The Key to Kidasuna Jacob Sockness, The Armageddon Box Robert Weinberg,1991-11-01 Legend says that the jewel encrusted case which has lain hidden for centuries has powers that will make its possessor the master of all men When the case is stolen from its hiding place a chain of horrifying events and gruesome deaths is set in motion Now the box must be destroyed before mankind is
