## **Armor In Vietnam:**

**Armor in Vietnam** Jim Mesko,1982      **Armor In Vietnam [Illustrated Edition]** Frederick Eugene Oldinsky,2015-11-06 Includes 24 maps This thesis begins with a brief history of armored vehicles from their earliest concepts to the modern battle tank of today It critically examines the decision not to include tank units with the first American combat forces deployed in Vietnam and the irrationality of that decision in light of a similar decision made prior to the Korean conflict Tanks were deployed in limited numbers in Vietnam in spite of a decision to the contrary and once there I proved their usefulness and their ability to perform in a tropical environment against an elusive enemy Examples of the tank s effectiveness in Vietnam are given and the feasibility of deploying major armored forces to that country is discussed Problems created by insufficient armor are addressed as well as the limitations and vulnerabilities of tanks and other armored vehicles Armor doctrine is traced from the tank s role in breaking the stalemate of World War I through the formative years of World War II and its application to the war in Vietnam Since most armored weapons were designed primarily for conventional warfare a number of modifications were required to adapt the weapons to an unconventional war Some of the more significant modifications are described Finally lessons learned by the Vietnam experience and their future application are discussed Concluding consideration in the paper is whether or not decision makers will need these lessons learned or continue to make the same mistakes

**Armor in Vietnam** ,1969 A collection of articles regarding the use of armor during the Vietnam War compiled by the Armor Committee of the Cadet Military Affairs Club      Armored Fighting Vehicles in the Vietnam War Al Hogue,Bill Miller,2020-01-16 Nearly all of the 150 photographs in this 8X10 Vietnam War pictorial book were made from slides That is why they are so sharp Most of them look as though they could have been taken yesterday I arrived in Vietnam in the summer of 1968 with an Agfa 35mm camera that I had purchased while stationed in Germany The camera only lasted about one week in Vietnam because it was the Monsoon season in the Central Highlands and rust from the rain and high humidity ruined it Since the unit I was in never went into the 4th Infantry Division basecamp Camp Enari in Pleiku where the PX was I spent the first half of my Vietnam tour of duty without a camera to document the extraordinary events places and people I encountered Then early in 1969 I went on R R and while in basecamp on my way to Hong Kong I bought an Olympus 35mm camera at the PX So it was only during the last half of my tour the first half of 1969 that I took all of the photos that I have now Al Hogue who was in the same mechanized infantry scout squad that I was in also took many pictures Using his Canon Electra 35mm camera his pictures were all shot during the last half of 1969 The majority of the pictures in this Vietnam pictorial were made by Al Al has a good eye for photography and a talent for capturing a moment in time and creating pictures that say a lot Our pictures bring back memories from more than fifty years ago and they mean a lot to us We like to show them to our friends and family and other Veterans and tell them the stories associated with each one Since most of the guys who served in Vietnam did not have cameras and therefore have no pictures we decided

to combine our photos to share with them and anyone else that might be interested in that extraordinary period of U S military history Steel and Blood Ha Mai Viet,2008-10-01 When South Vietnam was abandoned by its American allies and consequently defeated by the North Vietnamese in 1975 all its military records were lost to the enemy This has led to a paucity of factually based analyses of the war by South Vietnamese authors In a project lasting some ten years and financed by his own hard earned resources Colonel Viet has researched documented and analyzed the Vietnam War from the perspective of South Vietnamese armor forces elements in which he himself played an important role as leader teacher and innovator His travels to interview hundreds of people with first hand knowledge of these matters took him back and forth across the United States and to Canada France and Australia and enabled him to piece together the story as recalled by virtually every senior South Vietnamese who was involved along with many of lesser rank but important experience and many Americans as well The result is a unique and invaluable work one recounting from the early days of the Army of the Republic of Vietnam its organization and development its combat operations and its interaction with American advisors and then later with deployed American units Viet tells this story as an historian would not glossing over the shortcomings and failures of his fellow Vietnamese soldiers or of the Americans but also providing definitive accounts of their successes their innovations their courage and determination and the hardships experienced and survived in the course of a long difficult and ultimately unsuccessful struggle In Colonel Viet s words In order to give the truth back to history we did not hide anything whether it be victory or defeat Finally in a very touching portion of the work Colonel Viet memorializes his fallen comrades of the armored force and commemorates the service of all the American advisors to the armored force he was able to identify
