The Laws of England Hardinge Stanley Giffard Earl of Halsbury,1912 The Law Reports ,1896 Guns in Law Austin Sarat,Lawrence Douglas,Martha Merrill Umphrey,2019 Weapons have been a source of political and legal debate for centuries Aristotle considered the possession of arms a fundamental source of political power and wrote that tyrants mistrust the people and deprive them of their arms Today ownership of weapons whether handguns or military grade assault weapons poses more acute legal problems than ever before In this volume the editors introduction traces the history of gun control in the United States arguing that until the 1980s courts upheld reasonable gun control measures The contributors confront urgent questions among them the usefulness of history as a guide in ongoing struggles over gun regulation the changing meaning of the Second Amendment the perspective of law enforcement on guns and gun control law and individual and relational perspectives on gun rights The contributors include the editors and Carl T Bogus Jennifer Carlson Saul Cornell Darrell A H Miller Laura Beth Nielsen and Katherine Shaw **The Law Times Reports** ,1904 *The Law of War and Peace* Hugo Grotius,1925 The Truth About Gun Control David B Kopel,2013-04-16 Who is sovereign in the United States Is it the people themselves or is it an elite determined to rule citizens who are seen as incapable of making choices about their own lives This is the central question in the American gun control debate In this Broadside David Kopel explains why the right to keep and bear arms has always been central to the American identity and why Americans have always resisted gun control The American Revolution was sparked by British attempts to confiscate guns After the Civil War the U S changed the Constitution to defeat the nation s first gun control organization the Ku Klux Klan When Hitler and Stalin demonstrated how gun registration paves the way for gun confiscation which paves the way for genocide Americans resolved to make sure it never happens here Gun control is not an issue of left vs right or urban vs rural The right to bear arms is crucial to prevent large scale tyranny by criminal governments and small scale tyranny by ordinary criminals and to protect our Constitution
