**A Theory of Character in New Testament Narrative** Cornelis Bennema, 2014-04-01 In this study in three dimensional character reconstruction Cornelis Bennema presents a new theory of character in the New Testament literature Although character has been the subject of focused literary critical study of the New Testament since the 1970s Bennema observes that there is still no consensus regarding how character should be understood in contemporary literary theory or in biblical studies Many New Testament scholars seem to presume that characters in Greco Roman literature are two dimensional Aristotelian figures unlike the well rounded psychologized

individuals who appear in modern fiction They continue nevertheless to apply contemporary literary theory to characters in ancient writings Bennema here offers a full comprehensive and non reductionist theory for the analysis classification and evaluation of characters in the New Testament

**Characters and Characterization in the Gospel of John** Christopher W. Skinner, 2013-04-11 This volume examines characters in the Fourth Gospel and provides an in depth look at different approaches currently employed by scholars working with literary and reader oriented methods Divided into two sections the book first considers method and theory followed by exegetical character studies using a literary or reader oriented method It summarizes the state of the discussion examines obstacles to arriving at a comprehensive theory of character in the Fourth Gospel compares different approaches and compiles the diverse methodologies into one comparative study Through this detailed exegesis the various theories will come alive and the merits or deficiencies of each approach will be available to the reader This volume is both a comprehensive study in narrative reader oriented theories and a study in the application of those theories as they apply to characterization Summing up current research on characters and characterization in the Fourth Gospel this book also provides a comprehensive presentation of different approaches to character that have developed in recent years

Herod as a Composite Character in Luke-Acts Frank Dicken, 2014-10-09 Were the three rulers with the name Herod in Luke Acts a composite character Frank Dicken explores their narrative similarities and interprets them as a single character in light of other examples of conflation in Jewish and early Christian literature Provided by publisher

*Resolving the Tension of Jesus's Mission in Matthew's Ancient Biography* Jerry D. Breen, 2024-10-17 Jerry D Breen argues that reading Matthew and all the Gospels as ancient biography is the necessary next step for Gospel studies In particular Breen contends that more specific comparisons should be made between the Gospels and ancient literature Breen stresses that this reading invites narrative critics to place more emphasis on examining the use of sources and the importance of intertextual and historical information that the author introduces to the text Breen places emphasis on the relationship between Jews and non Jews in ancient Galilee and Palestine and challenges the long supported theory that Jesus did not minister to non Jews beyond two or three exceptions Demonstrating that Jesus is inclusive of everyone who comes to him even though he was sent primarily to the Jews Breen argues that the portrait which Matthew creates is one of a Jewish Messiah who is on a mission to restore Israel so that the restored people of God can bless the nations Concluding that rather than two conflicting missions the audience of the gospel is encouraged to view the healing of non Jews during Jesus s ministry as further proof that the Jewish Messiah is bringing restoration to Israel

*Thecla's Devotion* JD McLarty, 2018-08-30 Second century apocryphal Christian texts are Christian fiction they draw on the motifs of contemporary pagan stories of romance travel and adventure to entertain their readers but also to explore what it means to be Christian The Thecla episode in the Apocryphal Acts of Paul recounts the conversion of a young pagan woman her rejection of marriage her narrow escapes from martyrdom and the end of her story as an independent ascetic evangelist In *Thecla s Devotion* J D

McLarty reads the Thecla episode against a paradigm pagan romance Callirhoe for both texts the passions are key to the unfolding of the plot how are unruly emotions to be managed and controlled The pagan would answer through reason This study uses the portrayal of emotion within character and plot to explore the response of the Thecla episode to this key question for Christian identity formation

*Themes, Character, and Politics in Plutarch's Life of Lucullus* Manuel

Tröster, 2008 The modern image of the Roman aristocrat L Licinius Lucullus cos 74 B C is to a large extent the creation of the Greek biographer Plutarch whose narrative is structured around a number of themes and leitmotifs the protagonist s association with Hellenic culture his luxurious lifestyle and various issues related to his role as a political and military leader In all of these fields the depiction of Lucullus is conditioned not only by Plutarch s interests and emphases but also by the nature of the sources at his disposal Owing to Plutarch s biographical technique and due to the bias of the contrasting traditions underlying his account the protagonist s actions are frequently decontextualised from their contemporary setting Lucullus emerges from this book as an ambitious noble operating within the highly competitive system of Republican politics and seeking to accumulate and to display power and prestige

*The Past Before Us* Carole Ellen

Straw, Richard Lim, 2004 This collection of papers from the conference The World of Late Antiquity The Challenge of New Historiographies 1999 looks at the implications of modern historiography on the transformation of the classical world While it is easy to recognise that the works of past historians are partly products of the world of the author Edward Gibbon s The Decline and Fall of the Roman Empire for example is a reflection of the troubled times of the late British Empire it is somewhat harder to understand the influences of our time on more recent works on Late Antiquity The contributors reflect on the larger tradition of historical writing on the Classical period and look at the development of their own work in relation to this

Gerald A. Press, 2000-05-30 In this international and interdisciplinary collection of critical essays distinguished contributors examine a crucial premise of traditional readings of Plato s dialogues that Plato s own
