Characterization In Dickens:

The Techniques of Characterization in the Novels of Charles Dickens ... Phyllis Kerr Yowell, 1946 **Syllabi for the Academic Years ...** American Society for the Extension of University Teaching, 1903 Dickensian characters - real or nil? An analysis of characters in Our Mutual Friend Benjamin Foitzik, 2003-04-05 Seminar paper from the year 2002 in the subject English Language and Literature Studies Literature grade 1 7 A Technical University of Braunschweig English Seminar course Hauptseminar Charles Dickens language English abstract To begin with the end the overall statement of this paper is that the characters in Charles Dickens's *Our Mutual Friend* are for the most part inconsistent In order to clarify this assertion to the reader I will at first provide an overview of how Dickens's characters were received by various critics This will be the foundation for my claim that his characters are not realistic since they are only described from the outside and thus character development is only achieved by means of the plot This lack of introspection derives from the fact that Dickens's focus as a writer was surely on social issues and not on character development That Dickens was a great novelist will not be questioned seeing that despite this lack of interiority and the ensuing incoherence of the characters to the critic his characters work during the experience of the first reading This I will show by examining the character of Eugene Wrayburn in *Our Mutual Friend* whose final catharsis is approved of by the reader at first but has to be highly doubted at second sight as his actions and thoughts do not justify his reformation to a person of integrity A thorough study of Wrayburn's character will reveal that he is a sadist who exults in humiliating other people and wielding power over them which will raise the question whether he has to be considered as a villainous rather than heroic character I will then investigate the character of Bradley Headstone who appears to be the villain of the subplot revolving around Lizzie Hexam This analysis will lead to the discovery that Headstone is not so much of a villain but has to be seen as a victim of society and its machinery Headstone's story has to be seen as tragic since he succumbs to his violent passions and lets them drive him to despair and the edge of reason in the end In addition I will juxtapose Wrayburn's character to that of his opponent Headstone and thus illustrates the fact that while we do not get an insight into Wrayburn's emotions and therefore cannot understand his deeds Headstone's actions and motivations are rendered plausible for the reader by the way Dickens describes his character from the outside as well as from the inside *Syllabi of the American Society for the Extension of University Teaching* American Society for the Extension of University Teaching, 1903 **Spectral Dickens** Alexander Bove, 2021-02-09 Drawing on the recent ontological turn in critical theory *Spectral Dickens* explores an aspect of literary character that is neither real nor fictional but spectral This work thus provides an in depth study of the inimitable characters populating Dickens illustrated novels using three hauntological concepts the Freudian uncanny Derridean spectrality and the Lacanian real Thus while the current discourse on character studies which revolves around values like realism depth and lifelikeness tends to see characters as mimetic of persons this book invents new critical concepts to account for non mimetic forms of characterization

These spectral forms bring to light the important influence of developments in nineteenth century visual culture such as the lithography and caricature of Daumier and J J Grandville The spectrality of novelistic characters developed here paves the way for a new understanding of fictional characters in general **Dickens in Search of Himself** Gwen Watkins,1987-06-18
