Charles Charming's Challenges on the Pathway to the Throne Clive James, 1981      **Charles Charming's Challenges on the Pathway to the Throne** Clive James, 1981      **At Home in Time** Patrick Deane, 1994 Patrick Deane argues that modern English poetry in some key aspects is deeply indebted to the classical tradition and more particularly to the attitudes and modes of the eighteenth century He illustrates how neo Augustan values are apparent in the works of T S Eliot W H Auden Louis MacNeice A D Hope Donald Davie Charles Tomlinson and others      *Pieces of Resistance* Eugene Goodheart, 1987 *Pieces of Resistance* is a 1988 collection of Eugene Goodheart's essays and reviews written between 1960 and 1985 The book responds to the political cultural and literary changes expressed during this period by novelists critics and journalists Goodheart's book is divided into three parts The first section discusses critics Trilling Rahv Leslie Fiedler Geoffrey Hartman David Bleich and Susan Sontag to name a few The second part devotes itself to contemporary culture and includes essays on journals such as *The New York Review of Books* *Commentary* and *The Evergreen Review* which in the 1960s and early 1970s provided a well lit playground for various political cultural and literary themes Finally Goodheart examines the work of many modern writers with essays on Isaac Bashevis Singer Daniel Fuchs Ralph Ellison Nadine Gordimer V S Naipaul Bernard Malamud William Styron Donald Barthelme Raymond Carver and Saul Bellow Goodheart does not pretend to impersonal objectivity his commitment to evaluative criticism is a deliberate response to increasingly specialized forms of criticism

**Kings, Queens and Fallen Monarchies** Robert Stove, 2024-12-30 Explores the interwar movements to restore Europe's deposed royal houses examining their political significance and influence on global power dynamics Among the great hidden narratives of twentieth century history are the movements in Europe which between the two world wars aimed to restore the royal and imperial houses forced out of power in 1918 or in Portugal's case eight years earlier These efforts acquired media coverage and often strategic importance far greater than would be now supposed from the cursory often dismissive treatment which they have received from most historians since Campaigns to reinstate such dynasties as the Hohenzollerns the Habsburgs the Wittelsbachs the Braganças and even France's House of Orleans were taken seriously at the highest governmental and journalistic levels in London and Paris not to mention the Holy See Upon the whole phenomenon this book seeks to shed light It discusses both the phenomenon's soft power manifestations the designs of newspaper tycoon Lord Rothermere upon the Hungarian throne for his son for instance and the phenomenon's hard power manifestations among which probably the most dramatic were the successful monarchical campaigns in Albania and Greece With a cast that includes not only the monarchist candidates themselves but Churchill Lloyd George Hitler Mussolini and Franco this is a drama that embraces a continent and forces thorough reappraisals of events which we thought we knew No one can read it without acquiring a firmer grasp of political power's very nature and the sheer narrowness of the gap between victory and defeat      **North Face of Soho** Clive James, 2009-09-30 From Fleet Street to the television *North Face of Soho* is the
