**Charon's Cosmology** Charles Simic,1977      **Charon's Cosmology** Charles Simic,1977      Charles Simic and the Poetics of Uncertainty Donovan McAbee,2020-01-09 Charles Simic and the Poetics of Uncertainty provides the first full account of the poetics of the former US Poet Laureate who is one of the most popular and critically acclaimed English language poets writing today The book argues for uncertainty as the center of Simic s poetics and addresses the ways that his poetry grows from and navigates various forms of uncertainty Donovan McAbee addresses uncertainty regarding the national character of Simic s poetry and how this is complicated by Simic s identity as a Yugoslavian refugee to the United States The book assesses the theological and linguistic uncertainties of Simic s poetry and explores the ways that Simic articulates the aesthetic space created by poems as a safe place of encounter for the reader The book argues for the role of humor as a primary mode that holds together the uncertainties of Simic s poetry and finally it articulates the way that within these uncertainties Simic develops a deeply humane political poetry of survival Along the way Simic s work is placed in conversation with key influences and other important American and international poets and writers including James Tate Mark Strand Charles Wright Nicanor Parra Vasko Popa and others      *Contemporary Poetry and Postmodernism I.* Gregson,1996-11-01 *Contemporary Poetry and Postmodernism* explores the fraught relationship between the poetry of the mainstream and kinds of modernist poetry that have had to make their way outside it Mainstream poets like Paul Muldoon James Fenton and Carol Ann Duffy multiply voices and so draw on resources from the novel Bakhtin s concept of the dialogic is therefore used to explain their techniques By contrast Shklovsky s concept of estrangement is shown to be more useful in accounting for the radical experimentation of poets like Edwin Morgan Christopher Middleton and Denise Riley However the book concludes by suggesting that partly because of the influence of surrealism in women poets like Selima Hill and Jo Shapcott the mainstream has recently been infiltrated by modernist and postmodernist estrangement effects
