Chasing Dreams In The Boondocks A Golf Course Comes To Life:

Chasing Dreams in the Boondocks Bill Haney, 2004 No one who thought about it twice would move into a century old house on a failed farm with a mysterious history just to pursue a quixotic quest to bring a childhood dream to life No one with any sense would try to build a golf course by hand the old fashioned way Not on the slenderest of shoestrings And certainly not by himself with only a young family to help But thats exactly what Bill Haney did Chasing Dreams in the Boondocks is the story of a family transplanted from a comfortable college town to a rundown popcorn farm in rural Michigan all because I had to build a golf course the author admits He had no money beyond a modest income as a writer No formal training as a golf course architect and little experience with construction equipment His greatest assets were a supportive and resourceful wife and four adventurous and helpful kids the eldest aged six Still he was determined to fashion a championship length golf course on a failed farm that held secrets that had already destroyed many dreams and lives What Haney found in the quiet Michigan countryside was far more than he had bargained for His goal had been to discover the ultimate golf course hidden in those gentle rolling acres to restore the land to the way the glacier left it and then build into it a course that fit so naturally it seemed it had always been there As he went about discovering that he began to sense that the old house barns and land held secrets only vaguely whispered about mysteries unsolved for generations What started as a monumental solo task for one family grew into something greater One by one a collection of engaging characters neighboring farmers village craftsmen and area businessmen put their hands in to help this fella realize his dream In those four years of fighting freakish weather coping with a growing mountain of debt and fending off other demons Haney learned that his wife children and new friends taught him more and brought more to the adventure than he could ever have imagined *Saturday Review* ,1968

Hole by Hole David W. Cobb, 2022-02 From the outside it appears Billy Newman has it all A successful businessman with a beautiful family Billy has not only achieved his dreams of financial success he also has realized his dream of playing golf around the world As a sports writer for a national magazine he has seen and experienced nearly all the world s greatest golf courses from Pinehurst to Pebble Beach to St Andrews and beyond There s just one problem but it s a big one As successful as Billy seems the truth is that deep down he feels like a failure Instead of being exhilarated by his years of outward success he has become exhausted Frustrated confused and lost at heart Billy finally sets foot on the one elite golf course he has not yet visited the gorgeous lonely Prairie Dunes in the middle of Kansas Tom Watson once said about the course It s a little bit of Scotland in the land of Oz Like Scotland the wind usually blows On this impressive golf course struggling against the land s natural challenges and his own billowing questions about life Billy may just find among this great inland links on this cold windy autumn day the answers that have been eluding him With God walking with Billy hole by hole this day perhaps he will finally reconcile his past and find a life worth really living
