Chaucerian Dream Visions and Complaints Dana M Symons,2004-11-01 On several counts one particular collection

of French lyrics made in France in the late fourteenth century University of Pennsylvania MS 15 is the most likely repository of Chaucer's French poems. It is the largest manuscript anthology extant of fourteenth century French lyrics in the formes fixes: balade, rondeaux, virelay, lay, and five stanza chanson, with by far the largest number of works of unknown authorship. The known authors represented in the manuscript and the texts themselves have notable associations with England and with Chaucer. And intriguingly, there are fifteen lyrics each headed by the initials Ch, very likely indications of authorship neatly inserted between rubric and text. The rubrics, together with other substantial manuscript evidence and the intrinsic worth of the poems, make them easily the best candidates among extant French lyrics for Chaucer's authorship.

Who is Buried in Chaucer's Tomb? Joseph A. Dane, 1998-05-31. Joseph A. Dane examines the history of the books we now know as Chaucer's: a history that includes printers and publishers, editors, antiquarians, librarians, and book collectors. The Chaucer at issue here is not a medieval poet securely bound within his fourteenth century context but rather the product of the often chaotic history of the physical books that have been produced and marketed in his name. This history involves a series of myths about Chaucer: a reformist Chaucer, a realist Chaucer, a political and critical Chaucer who seems oddly like us. It also involves more self-reflective critical myths, the conveniently coherent editorial tradition that leads progressively to modern editions of Chaucer. Dane argues that the material background of these myths remains irreducibly and often amusingly recalcitrant. The great Chaucer monuments, his editions, his book, and even his tomb, defy our efforts to stabilize them with our critical descriptions and transcriptions. Part I concentrates on the production and reception of the Chaucerian book from the sixteenth to the eighteenth centuries, a period dominated by the folio Complete Works and a period that culminates in what Chaucerians have consistently if uncritically defined as the worst Chaucer edition of 1721. Part II considers the increasing ambivalence of modern editors and critics in relation to the book of Chaucer and the various attempts of modern scholars to provide alternative sources of authority.

Amoryus and Cleopes John Metham, 1999-03-01. In this volume John Metham's classic romance Amoryus and Cleopes is made available to a wider audience of students and teachers of Middle English with its contextualizing introduction, extensive notes, and helpful gloss. This fifteenth century romance, written by John Metham, creatively reworks Ovid's tale of Pyramus and Thisbe's tragic love from his *Metamorphoses*. Metham draws on a wide variety of popular romances and particularly Chaucer's Ovidian works to create an inventive romance of his own with a decidedly moral aim. This volume will be of interest to students of Middle English romance and all those interested in the literary legacy of Chaucer.

The New Cambridge Bibliography of English Literature: Volume 1, 600-1660 George Watson, Ian Roy Willison, 1974-08-29. More than fifty specialists have contributed to this new edition of volume 1 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation, and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been

to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

The Kingis Quair and Other Prison Poems Mary-Jo Arn, Linne R Mooney, 2005-05-01

Readers have noticed that the fifteenth century saw a remarkable flourishing of poems written in conditions of physical captivity or on the subject of imprisonment The largest body of this poetry is from the pen of Charles of Valois duke of Orleans who was captured by the English at the battle of Agincourt in 1415 and not released until 1440 The longest single poem on the subject is James I of Scotland's The Kingis Quair purportedly written at the time of his release from an eighteen year imprisonment in England This volume reflects the wide scope of these prison poems by bringing together a new edition of The Kingis Quair a selection from Charles d Orleans Fortunes Stabilnes a poem by George Ashby who was imprisoned in London's Fleet prison and the poems of two other poets both anonymous who wrote about physical and or emotional imprisonment
