Armageddon In Prime Time:

End Time Politics Keri L. Ladner, 2024-01-23 From the 1970s until his death in 2007 Jerry Falwell merged American nationalism with an end times approach to the Bible known as dispensationalism In the process he corrupted both while creating a novel way for conservative Christians to understand current events as the fulfillment of prophecy He taught that the events of the Cold War had been divinely foretold in the Bible and that America was God s chosen nation in these present end times By implementing his conservative economics known as biblical morality the country could be saved and would survive the coming wrath of God This message which was otherwise on the margins of American public life found resonance in the backlash to the civil rights movement and especially in Ronald Reagan a fellow believer in the end times battle of Armageddon In organizing his voting bloc the Religious Right along the lines of dispensationalism and nationalism Falwell claimed that America had to return to Protestant fundamentalism as a panacea to the liberal conspiracy which included talk of climate change affirmative action women s liberation including abortion gay rights and a nuclear freeze This liberal conspiracy had supposedly been biblically prophesied yet would cripple America as it faced the impending wrath of God The movement Falwell began found its savior in Donald Trump God s man for undoing the conspiracy and restoring unregulated capitalism and an imagined American Christian nation **Armageddon in Prime Time** George Bailey, 1984 **Public Diplomacy** Richard Felix Staar, 1986 **Books in Print** , 1991 **Claiming the Center** Jack Bartlett Rogers, 1995-01-01 Mainline Protestant churches have been seriously impacted by the conflict in belief systems embodied in the opposing worldviews of conservatives and liberals In this book Jack Rogers contends that for mainline churches to remain relevant in today s world they must make an active effort to claim the center an authentic and balanced Christian worldview **Public Utilities Fortnightly** Henry Clifford Spurr, 1973 Includes as a separate section reprints from Public utilities reports annotated 1928 33 and from Public utilities reports new series 1934 TV Guide , 2006 Fantasyland Kurt Andersen, 2017-09-05 NEW YORK TIMES BESTSELLER The single most important explanation and the fullest explanation of how Donald Trump became president of the United States nothing less than the most important book that I have read this year Lawrence O Donnell How did we get here In this sweeping eloquent history of America Kurt Andersen shows that what s happening in our country today this post factual fake news moment we re all living through is not something new but rather the ultimate expression of our national character America was founded by wishful dreamers magical thinkers and true believers by hucksters and their suckers Fantasy is deeply embedded in our DNA Over the course of five centuries from the Salem witch trials to Scientology to the Satanic Panic of the 1980s from P T Barnum to Hollywood and the anything goes wild and crazy sixties from conspiracy theories to our fetish for guns and obsession with extraterrestrials our love of the fantastic has made America exceptional in a way that we ve never fully acknowledged From the start our ultra individualism was attached to epic dreams and epic fantasies every citizen was free to believe absolutely anything or to pretend to be absolutely

anybody With the gleeful erudition and tell it like it is ferocity of a Christopher Hitchens Andersen explores whether the great American experiment in liberty has gone off the rails Fantasyland could not appear at a more perfect moment If you want to understand Donald Trump and the culture of twenty first century America if you want to know how the lines between reality and illusion have become dangerously blurred you must read this book NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SAN FRANCISCO CHRONICLE This is a blockbuster of a book Take a deep breath and dive in Tom Brokaw An absorbing must read polemic a provocative new study of America s cultural history Newsday Compelling and totally unnerving The Village Voice A frighteningly convincing and sometimes uproarious picture of a country in steep perhaps terminal decline that would have the founding fathers weeping into their beards The Guardian This is an important book the indispensable book for understanding America in the age of Trump Walter Isaacson 1 New York Times bestselling author of Leonardo da Vinci

The Complete Website Upgrade & Maintenance Guide Lisa Schmeiser,1999 Topics range from planning a dynamic foundation and building a powerful back end to choosing the right technologies and adding edge capabilities The CD ROM has sample Web sites from the book plus shareware tools for Web developers

Abortion Politics Michele McKeegan,1992 Abortion has once again moved to the top of the nation s agenda Michelle McKeegan s lively and accessible book tells the story of how it first became a political issue and reveals how the New Right went too far eventually becoming a political albatross to an increasingly divided Republican Party

The Cold War Comes to Main Street Lisle A.
