Roman Centurions 31 BC-AD 500 Raffaele D'Amato,2012-02-20 Lavishly illustrated and drawing upon the latest archaeological findings a complete re evaluation of the appearance role and influence of Rome s most famous soldiers during the five centuries of the Roman Empire s greatest extent and influence *Military Review* ,1969 [Encyclopedia of the Wars of the Roses](#) John A. Wagner,2001-07-12 This authoritative A Z encyclopedia of the Wars of the Roses provides accurate and concise descriptions of the major battles and events and the principal historical figures and issues involved For centuries historians agreed about the Wars of the Roses seeing them as four decades of medieval darkness and chaos when the royal family and the nobility destroyed themselves fighting for control of the royal government Even Shakespeare got into the act dramatizing popularizing and darkening this viewpoint in eight plays Today based on new research this has become one of the most hotly controversial periods in English history Historians disagree on fundamental issues such as dates and facts as well as interpretation Most argue that the effects of the wars were not as widespread as once thought and some see the traditional view of the era as merely Tudor propaganda A few even claim that England during the late 15th century was a society organized for peace Historian John A Wagner brings readers up to date on the latest research and thinking about this crucial period of England s history *History of the War in the Peninsula and in the South of France* William Francis Patrick Napier,1864 **Manpower and the Armies of the British Empire in the Two World Wars** Andrew L.
