Arnhem A Tragedy Of Errors:

Arnhem Peter Harclerode,2001 *City Fights* John Antal,2007-12-18 Urban terrain will likely be the predominant battlefield of future wars As September 11 and Somalia proved hostile forces are now engaging America differently avoiding open combat with our enormous military striking at our civic centers or dragging us into theirs But urban warfare isn't new it is as old as the battle of Jericho Now an incomparable collection written by esteemed military veterans some currently serving others civilian analysts re creates the last century's most astonishing examples of this kind of fighting and offers important lessons for our future Here are fourteen riveting histories that are both invaluable teaching tools for security leaders and engrossing accounts for any reader They include William M Waddell's Tai Erh Chuang 1938 The Japanese Juggernaut Smashed How China defeated the Japanese in battle for the first time in three hundred and forty years by using a city only as a pivot area and attacking the exposed flank and rear ranks of its unprepared enemy Eric M Walters's Stalingrad 1942 With Will a Weapon and a Watch The largest and longest running urban fight of the twentieth century in which the Red Army became the tortoise to the Germans hare out lasting its stronger foe Norm Cooling's Hue City 1968 Winning a Battle While Losing a War The six day fight for the cultural center of Vietnam revealed how the American military's distrust of the media made it fail to expose the enemy's mass executions and lose the all important information war And these eleven additional accounts Warsaw 1944 Uprising in Eastern Europe by Maj David M Toczek Arnhem 1944 Airborne Warfare in the City by Lt Col G A Lofaro Troyes France 1944 All Guns Blazing By Col Peter R Mansoor Budapest 1944 45 Bloody Contest of Wills by Col Peter B Zwack Aschaffenburg 1945 Cassino on the Main River by Mark J Reardon Manila 1945 City Fight in the Pacific by Col Kevin C M Benson Berlin 1945 Backs Against the Wall by Maj Mike Boden Jaffa 1948 Urban Combat in the Israeli War of Independence by Benjamin Runkle Seoul 1950 City Fight after Inchon by Maj Thomas A Kelley Da Nang Hoi An A Tank Skirmish in Quang Nam Province by Dennis C Fresch Evolution of Urban Combat Doctrine by Mark J Reardon From the 1944 Warsaw uprising that almost caused the complete destruction of Poland's capital to the crucial near forgotten fight for Manila in 1945 from snipers and shoulder launched missiles to tunnels and tanks all aspects of the most important urban conflicts are revealed in stunning detail Compelling and cautionary *City Fights* powerfully reminds us that in our ever more urbanized and vulnerable world if a state loses its cities it loses the war [The Last German Victory](#) Aaron Bates,2021-12-22 Operation Market Garden the Allied airborne invasion of German occupied Holland in September 1944 is one of the most famous and controversial Allied failures of the Second World War Many books have been written on the subject seeking to explain the defeat Historians have generally focused on the mistakes made by senior commanders as they organized the operation The choice of landing zones has been criticized as has the structure of the airlift plan But little attention has been paid to the influence that combat doctrine and training had upon the relative performance of the forces involved And it is this aspect that Aaron Bates emphasizes in this perceptive closely argued and absorbing re evaluation of the battle As he

describes each phase of the fighting he shows how German training which gave their units a high degree of independence of action better equipped them to cope with the confusion created by the surprise Allied attack In contrast the British forces were hampered by their rigid and centralized approach which made it more difficult for them to adapt to the chaotic situation Aaron Bates s thought provoking study sheds fresh light on the course of the fighting around Arnhem and should lead to a deeper understanding of one of the most remarkable episodes in the final stage of the Second World War in western Europe

Monty's Men John Buckley,2013-11-26 Historian John Buckley offers a radical reappraisal of Great Britain s fighting forces during World War Two challenging the common belief that the British Army was no match for the forces of Hitler s Germany Following Britain s military commanders and troops across the battlefields of Europe from D Day to VE Day from the Normandy beaches to Arnhem and the Rhine and ultimately to the Baltic Buckley s provocative history demonstrates that the British Army was more than a match for the vaunted Nazi war machine This fascinating revisionist study of the campaign to liberate Northern Europe in the war s final years features a large cast of colorful unknowns and grand historical personages alike including Field Marshal Sir Bernard Montgomery and the prime minister Sir Winston Churchill By integrating detailed military history with personal accounts it evokes the vivid reality of men at war while putting long held misconceptions finally to rest

Monty's Rhine Adventure Patrick Delaforce,2014-03-24 This is the second volume but the last to be published of a trilogy the other volumes being Smashing the Atlantic Wall and The Battle of the Bulge Monty s Rhine Adventure begins immediately after the Normandy invasion with the euphoria surrounding the belief that the war would soon be won However it was not to be as easy Monty hoped The book covers the difficult next few months as the Allies slogged through France and Belgium fighting stern and skilled Nazi resistance However the centrepiece of Monty s Rhine Adventure is Operation Market garden Monty s bold plan to cut through the German defences via the eight bridges which spanned the Dutch German border The book deals with the plan its execution and its aftermath in rigorous detail Had Market Garden gone to plan it might have led to the overall defeat of the Third Reich before the end of 1944 As it was it was the Russians that entered Berlin first in May 1945 Nonetheless this period remains one of the boldest and most exciting of the Second World War
