Masks E. C. Blake, 2013-11-05 *Masks* is the first novel in the dystopian fantasy *Masks of Aygrima* series Cataclysmic events have left the Autarchy of Aygrima the one land blessed with magical resources cut off from its former trading partners across the waters not knowing if any of those distant peoples still live Yet under the rule of the Autarch Aygrima survives And thanks to the creation of the Masks and the vigilance of the Autarch's Watchers no one can threaten the security of the empire In Aygrima magic is a Gift possessed from birth by a very small percentage of the population with the Autarch himself the most powerful magic worker of all Only the long vanquished Lady of Pain and Fire had been able to challenge his rule At the age of fifteen citizens are recognized as adults and must don the spell infused Masks which denote both status and profession whenever they are in public To maintain the secure rule of the kingdom the Masks are magically crafted to reveal any treasonous thoughts or actions And once such betrayals are exposed the Watchers are there to enforce the law Mara Holdfast daughter of the Autarch's Master Maskmaker is fast approaching her fifteenth birthday and her all important Masking ceremony Her father himself has been working behind closed doors to create Mara's Mask Once the ceremony is done she will take her place as an adult and Gifted with the same magical abilities as her father she will also claim her rightful place as his apprentice But on the day of her Masking

something goes horribly wrong and instead of celebrating Mara is torn away from her parents imprisoned and consigned to a wagon bound for the mines Is it because she didn't turn the unMasked boy she discovered over to the Night Watchers Or is it because she lied about her Gift claiming she can only see one color of magic when in truth she can see them all just as she could when she was a young child Whatever the reason her Mask has labeled her a traitor and now she has lost everything doomed to slavery in the mines until she dies And not even her Gift can show Mara the future that awaits her a future that may see her freed to aid a rebel cause forced to become a puppet of the Autarch or transformed into a force as dangerous to her world as the legendary Lady of Pain and Fire

Young Children's Existential Encounters Zoi Simopoulou, 2019-02-28 This book is a psychoanalytic observation of five children's existential encounters in their ordinary life at the nursery It is among the first within psychosocial literature to go beyond adult experiences and explore the existential in young children's lives as it plays out in their everydayness in symbolic and sensory articulations and in relationship with others including with the author as someone who arrived looking for it The author offers analysis in the form of a writing inquiry into meaning by means of an on going movement between the self and the other the interior and the exterior and psychoanalytic and existential phenomenological ideas This is illustrated

through a kaleidoscopic account of May Nadia Edward Baba and Eilidhs encounters with nothingness strangeness ontological insecurity death and selfhood as these emerged in the time they spent with the author embodying different forms from concrete objects to dreams exemplifying an attunement to existential ubiquity With its relational ground this work suggests the potential for adults including researchers therapists trainees educators and parents to attune to their own existential encounters as a path to understanding those of children

Between the Masks Diane DuBose Brunner, 1998 Between the Masks articulates a study of representation and the politics of place through a pedagogy of narrative performing inquiry and a critical reflection on identity As a resistance to essentialist politics the text focuses on the identity making marking role of cultural materials in the recovery of different and overdetermined histories It proposes a multicultural revision of knowledge that displaces the binarisms of insider outside rather than simply shifting the margin to the center By combining perspectives that produce strong readings with a semiotic method of analysis the essentialist representations of racial ethnic sexual and class biases will be revealed as strategies of power that employ appearance in their seduction By this method Brunner suggests a view of reflexive performance that seeks not to legitimate but to critique displace and liberate these illusions of identity Between the Masks promotes critical teaching that can bring together the literary the historic the theoretical and the sociological Brunner suggests the combined study of cultural studies and education as a theoretical and pedagogical site which embraces curriculum theory teacher preparation and policy This book marks a move toward intertextual interdisciplinary study which will help educators modulate the complicated conversations and contexts of today's schools A Rowman Littlefield book
