Do Penance Or Perish Frances Finnegan,2001 *Making Amends* Linda Radzik,2009-02-02 Can wrongs be righted Can we make up for our misdeeds or does the impossibility of changing the past mean that we remain permanently guilty While atonement is traditionally considered a theological topic Making Amends uses the resources of secular moral philosophy to explore the possibility of correcting the wrongs we do to one another Philosophers generally approach the problem of past wrongdoing from the point of view of either a judge or a victim They assume that wrongdoing can only be resolved through punishment or forgiveness But this book explores the responses that wrongdoers can and should make to their own misdeeds responses such as apology repentance reparations and self punishment Making Amends explores the possibility of atonement in a broad spectrum of contexts from cases of relatively minor wrongs in personal relationships to crimes to the historical injustices of our political and religious communities It argues that wrongdoers often have the ability to earn redemption within the moral community Making Amends defends a theory of atonement that emphasizes the rebuilding of respect and trust among victims communities and wrongdoers The ideal of reconciliation enables us to explain the value of repentance without restricting our interest to the wrongdoer s character to account for the power of reparations without placing a dollar value on dignity to justify the suffering of guilt without falling into a simplistic endorsement of retribution and to insist on the moral responsibility of wrongdoing groups without treating their members unfairly
