Does God Exist An Answer For Today:

Does God Exist Hans Kung, 2013-01-02 Does God exist The question implies another Who is God This book is meant to give an answer to both questions and to give reasons for this answer Does God exist Yes or no Many are at a loss between belief and unbelief they are undecided skeptical They are doubtful about their belief but they are also doubtful about their doubting There are still others who are proud of their doubting Yet there remains a longing for certainty Certainty Whether Christians or Jews believers in God or atheists the discussion today runs right across old denominations and new ideologies but the longing for certainty is unquenched Does God exist We are putting all our cards on the table here The answer will be Yes God exists As human beings in the twentieth century we certainly can reasonably believe in God even more so in the Christian God and perhaps even more easily today than a few decades or centuries ago For after so many crises it is surprising how much has been clarified and how many difficulties in regard to belief in God have melted into the Light that no darkness has overcome

Does God Exist? Hans Küng, 1980 The essence of the argument is that it is still possible for someone who accepts modern progress and knowledge to decide to trust in God with a faith which although it transcends reason does not deny it The roots of this decision lie in the realities of life and for the Christian the decisive encounter is with Jesus in whose person and acts God is met But belief in God has also to reckon very seriously with the attacks on it made by many masters of modern thought There are in these pages studies of some forty major figures in intellectual history since the seventeenth century and there are fearless responses to recent challenges arising from Western or Eastern experience The author is clear that although belief in God can be verified by the modern person who is a Christian many medieval beliefs cannot be sustained Jacket

Does God Exist? Hans Küng (sac.), 1980 [Does God Exist?](#) W. David Beck, 2021-03-09 Does God exist In one incisive volume philosopher W David Beck offers a narrative of pre Christian Jewish Buddhist Christian and Islamic arguments for God s existence In this history of answers to an essential question readers will encounter both classical and contemporary arguments including cosmological teleological moral and ontological arguments

Does God Exist? Mark Corner, 2015-06-04 Do people talking about God know what they are talking about Are they all talking about the same thing How do different religions approach the existence of God Can God s existence be proved And even if it can is God necessarily good Does God Exist sets out to provide a lively and readable introduction to the main issues of theism and atheism Taking care to avoid theological jargon Mark Corner provides a fresh look at the question that has always been at the very root of philosophy His arguments provoke further interest as a source of new ideas

Does God Exist? J. P. Moreland, Kai Nielsen, 2009-12-02 Is there a God What is the evidence for belief in such a being What is God like Or is God a figment of human inspiration How do we know that such a being might not exist Should belief or disbelief in God s existence make a difference in our opinions and moral choices in the way we see ourselves and relate to those around us These are fundamental questions and their answers have shaped individual lives races and nations throughout history On March 24

1988 at the University of Mississippi J P Moreland a leading Christian philosopher and ethicist and Kai Nielsen one of today's best known atheist philosophers went head to head over these questions Does God Exist records their entire lively debate and includes questions from the audience the debaters answers and the responses of four recognized scholars William Lane Craig Antony Flew Dallas Willard and Keith Parsons Noted author and philosopher Peter Kreeft has written an introduction concluding chapter and appendix all designed to help readers decide for themselves whether God is fact or fantasy

Does God Exist? Roger Ball, 2023-08-30 Who made who Did we create God or did He create us Can God's existence really be proven Could other explanations be equally plausible In the New Testament we find the claim that God has clearly made Himself known to mankind through the created order and that all are without excuse Romans 1:19-20 But how far can we take this Has God really proven His own existence Can we know that He exists with absolute certainty Does this also mean that no other explanations are possible In easy to understand language this brief eye opening essay demonstrates that the existence of God the Christian God can be proven with certainty

My name is William Kensey I have a wife and two great kids Until very recently I was a well respected and financially successful trial attorney I was also a man who was comfortable with his religion I preferred it served at arm's length from the pulpit on Sunday morning And would rather not discuss it the rest of the week The circumstances that led me to write A HIGHER COURT changed all that The entire experience was both bizarre and unavoidable You see I was summoned to serve as a juror in an improbable trial a trial to determine whether God exists I know You think that sounds ludicrous I did too until the trial began Witnesses buried me under mountains of scientific evidence My own eyes forced me to confront the reality of extreme

human suffering God seemed less and less relevant even absent as the trial progressed At the close of the trial I had to render my verdict God or No God Affirm a new and deeper faith in a Creator or confess the triumph of science A HIGHER COURT is the story of how I discovered my ultimate truth If your mind is open you can join me in this journey of self discovery Come along You won't be sorry **Horizons**, 1980 *The New York Times Book Review*, 1982 **Where I First Saw the Light** John Parsons, 2000 **Biology Of Enlightenment** Mukunda Rao, 2012-07-21 In this book we meet with the modern sage U G Krishnamurti and listen to his penetrating voice describing life and reality as it is What is body and what is mind Is there a soul Is there a beyond a God What is enlightenment Is there a life after death Never before have these questions been tackled with such simplicity candour and clarity In these unpublished early conversations with friends 1967-71 U G discusses in detail his search for the truth and how he underwent radical biological changes in 1967 Preferring to call it the natural state over enlightenment he insists that whatever transformation he has undergone is within the structure of the human body and not in the mind at all It is the natural state of being that sages like the Buddha Jesus and in modern times Sri Ramana stepped into And U G never tires of pointing out that this is the way you stripped of the machinations of thought are also functioning *Quarterly Review*, 1982 *Truth Seeker*, 1925 **Time** Briton Hadden, Henry R. Luce, 1929 **God** Anton Houtepen, 2002-08-15 This important book sketches out the questions currently asked about God In the midst of religious pluralism and agnosticism Houtepen asks how can we think about God He finds the question impossible to answer without defining one's own position The author writes I have learned that it is good to speak about God with some caution not however at the periphery of thought but from within from the heart of our economic legal psychological and philosophical ideals The book is an account of my own personal theological question What have I found That the questions about God open our eyes to God the Eternal One the Most High as a question to us **Dictionary of the Ecumenical Movement** Nicolas Lossky, 2002 The 700 entries in this dictionary have been written by leading figures in the ecumenical movement from all parts of the world Entries are fully cross referenced and many of the articles are enhanced by short bibliographies Entries cover faith and order dialogue mission and evangelism communication church and society theological education institutional histories and relations of Orthodox Protestants and Roman Catholics within the ecumenical movement Biographical sketches outline the contributions of some of the individuals who have furthered the cause of ecumenism in the 20th century Cross references direct the reader to more detailed information or to matters of related interest
