### **Animal Wisdom Communications With Animals:**

*Animal Wisdom* Anita Curtis,2001-04 Animals are a joy and a delight to communicate with states author Anita Curtis They are so open and honest willing to freely give unconditional love and ask for so little in return In *Animal Wisdom How To Hear the Animals* she relates wonderful tales gathered from years in private practice as an animal communicator In this book is a moving story about a horse who longed to have a baby a dog that helped solve a crime and a cat who sent a comforting message beyond the grave to its human companions In the last section are easy to follow exercises that will help readers develop the skills to communicate with their pets The health benefits of human animal relationships are well known This unique funny and useful book helps ignorant humans to better understand the remarkable creatures that enrich our lives so much

*Star Origins and Wisdom of Animals* Jacquelin Smith,2010-09-07 As an animal communicator and psychic I m able to see feel hear and know what an animal is communicating to me Also being clairvoyant I can see an animal s aura and essence I teach people in my workshops how to look beyond an animal s physical form and how to connect heart to heart with the essence of an animal The key to hearing our animal companions essence is to look beyond the body and to connect with the amazing soul of the being The body happens to be a physical form that the soul has created in order to learn and to fulfill a purpose Telepathic communication with animals is a natural way of communicating It is like a telephone conversation between two people The telephone wires are the available lines of consciousness open between us that make the call possible Perhaps you remember the films *Men in Black I and II* They are not so far fetched as you might think In both films there s a pug named Frank We could say his soul was wearing a disguise so that he could accomplish his mission on Earth without attracting a lot of attention In this book one dog s soul tells about being an inter dimensional traveler while another discusses how difficult it was adjusting to his cat body because he s only lived on Earth twice You will read about a groundhog who walked up to me and put his paw on my shoe and a hawk who flew to me after I had communicated with her telepathically

**Animal Wisdom for Mankind** Dawn E. Hayman,2016-10-07 Animals love and acceptance for humans is well documented as is the joy and stress relief they bring to our lives But until now the inherent wisdom animals possess has been locked inside of them unable to be understood by most people Fortunately author Dawn Hayman is here to help Dawn s experience as one of the early pioneers in interspecies communication lent her the knowledge and understanding necessary to effectively communicate with tens of thousands of animals culminating in her co founding Spring Farm CARES an animal and nature sanctuary She serves as its vice president overseeing the care of hundreds of small and large domestic animals Dawn s ability to communicate with animals led her to put to paper the knowledge they possess knowledge that can benefit all humans whether they re animal lovers or not *Animal Wisdom for Mankind* is a fascinating look into the minds of animals led by the loquacious Amber a donkey with insight into the lives of humans and animals that she s only too happy to share Amber and her friends at Spring Farm CARES are willing to give humans answers to the questions that haunt them but are

more intuitive and living a joyous life For example Fox Swan and Zebra are united through the teaching of Integration All three species can help us learn to welcome diversity reconcile opposites and maintain individuality Meanwhile the teaching of Healing unites Dog Frog and Gorilla who teach us love and loyalty gentleness and how to connect to our deeper self Every entry explores the presence of that species in the natural world and its traditional teaching as it is known through myth and legend or by indigenous peoples In addition each group presents a personalised message for humans today encouragement suggestions and guidance to help us become more conscious and whole By opening to animal wisdom we begin to find ways to reconnect to deepen to communicate to love and to more joyfully participate in the dance of life With the help of animals we begin to remember who we really are

**The Human Animal Earthling Identity** Carrie P. Freeman, 2020-12-01 With The Human Animal Earthling Identity Carrie P Freeman asks us to reconsider the devastating division we have created between the human and animal conditions leading to mass exploitation injustice and extinction As a remedy Freeman believes social movements should collectively foster a cultural shift in human identity away from an egoistic anthropocentrism human centered outlook and toward a universal altruism species centered ethic so people may begin to see themselves more broadly as human animal earthlings To formulate the basis for this identity shift Freeman examines overlapping values supporting life fairness responsibility and unity that are common in global rights declarations and in the current campaign messages of sixteen global social movement organizations that work on human civil rights nonhuman animal protection and or environmental issues such as Amnesty International Human Rights Watch CARE People for the Ethical Treatment of Animals the World Wildlife Fund the Sea Shepherd Conservation Society the Nature Conservancy the Rainforest Action Network and Greenpeace She also interviews the leaders of these advocacy groups to gain their insights on how human and nonhuman protection causes can become allies by engaging common opponents and activating shared values and goals on issues such as the climate crisis enslavement extinction pollution inequality destructive farming and fishing and threats to democracy Freeman s analysis of activist discourse considers ethical ideologies on behalf of social justice animal rights and environmentalism using animal rights respect for sentient individuals as a bridge connecting human rights to a more holistic valuing of species and ecological systems Ultimately Freeman uses her findings to recommend a set of universal values around which all social movements campaign messages can collectively cultivate respectful relations between human animal earthlings fellow sentient beings and the natural world we share
