novelist William Godwin ignited a transatlantic scandal with *Memoirs of the Author of A Vindication of the Rights of Woman*. Most controversial were the details of the romantic liaisons of Godwin's wife Mary Wollstonecraft with both American Gilbert Imlay and Godwin himself. Wollstonecraft's life and writings became central to a continuing discussion about love's place in human society. Literary radicals argued that the cultivation of intense friendship could lead to the renovation of social and political institutions, whereas others maintained that these freethinkers were indulging their own desires with a disregard for stability and higher authority. Through correspondence and novels, Andrew Cayton finds an ideal lens to view authors, characters, and readers all debating love's power to alter men and women in the world around them. Cayton argues for Wollstonecraft's and Godwin's enduring influence on fiction published in Great Britain and the United States and explores Mary Godwin Shelley's endeavors to sustain her mother's faith in romantic love as an engine of social change.

Anna St. Ives Thomas Holcroft, 1793 *English Fiction of the Romantic Period 1789-1830* Gary Kelly, 2016-04-15 *English Fiction of the Romantic Period 1789-1830* is the first comprehensive historical survey of fiction from that period for many decades. It combines a clear awareness of the period's social history with recent developments in literary criticism theory and history and explains the astounding variety of forms in Romantic fiction in terms of the various cultural, political, social, regional, and gender conflicts of the time. It provides a broad-ranging survey from the major authors and works through to the sub-genres of the period. Jan Austin and Sir Walter Scott are discussed alongside the Gothic Romance, political and feminist fiction, social satire, and regional, rural, and historical novels. It also provides a comparison of the methods of distribution and marketing and the availability of books then and now, examines cheap popular fiction and children's fiction, and considers the recent debate about the place of prose fiction in a Romantic literature hitherto dominated by poetry.

The novel of sentiment and the Gothic romance Ernest Albert Baker, 1929 [Revolutionary Subjects in the English "Jacobin" Novel, 1790-1805](#) Miriam L. Wallace, 2009 The Jacobin novel was labeled as such in Britain because of its supposed connections to the French Revolution. This book takes an in-depth look at these novels written between 1790 and 1805. She centers on the group surrounding Wollstonecraft and Godwin, although not exclusively exploring the limits of their philosophy of human rights and personal subjectivity. Unlike other recent scholars, the author treats both male and female writers, making feminism an aspect of the work but not the overriding one. While the novels are the main focus, other work by the writers is considered as it pertains to their beliefs. She also discusses the reaction from those who defined the Jacobins by opposing them.
