

Annals of Innocence and Experience

by
HERBERT READ

Herbert Read's delightful account of a Yorkshire childhood, *The Innocent Eye*, is a classic of its kind. His readers have wished to see it reprinted, and have wished that the autobiography might be continued. This book fulfils both desires. *The Innocent Eye* appears here as the first section of a narrative which takes the author through boyhood and youth, through the last war, and traces his spiritual and intellectual development through the last twenty years. An autobiography of this kind is both a statement of creed and a document on a generation — as seen by a poet who has had a varied career and wide intellectual activities.

During his lifetime Herbert Read (1893-1968) acquired a considerable international reputation. Poet, anarchist, novelist, and biographer, critic of art, literature, and life, aesthetic philosopher, and revolutionary theorist of education, Read was in a unique place as an interpreter of his time. For few writers have probed so deeply into the nature of the prevailing culture and none brought together the insights of modern philosophers and critics, poets and artists, psychologists, and social scientists as Read did. Best known as an art critic and a follower of the theories of Carl Jung, Read was a pioneer in the English-speaking world in the use of psychoanalysis as a tool for art and literary criticism. Although knighted by Prime Minister Winston Churchill in 1953 for services to literature, Read regarded himself politically as an anarchist. This work by fellow anarchist George Woodcock is a critical study of the intellectual career of Herbert Read as well as a thorough study of Read's criticism, creative writing, art theory, and anarchist philosophy. Woodcock does not divide Read's writings on politics from those on art and culture as Read saw art, culture, and politics as a single expression of human consciousness. Comprehensive and authoritative, it is an impressive volume that presents a unified portrait of one of England's most distinguished twentieth-century critics.
