The Annotated Sherlock Holmes Arthur Conan Doyle,1967 **The Detective's Companion in Crime Fiction** Lucy Andrew,Samuel Saunders,2021-07-24 This book aims to establish the position of the sidekick character in the crime and detective fiction literary genres It re evaluates the traditional view that the sidekick character in these genres is often overlooked as having a small generic or singular role either to act as the foil to the detective in order to accentuate their own abilities at solving crimes or else to simply tell the story to the reader Instead essays in the collection explore the representations and functions of the detective s sidekick across a range of forms and subgenres of crime fiction By incorporating forms such as children s detective fiction comics and graphic novels and film and television alongside the more traditional fare of novels and short stories this book aims to break down the boundaries that sometimes exist between these forms using the sidekick as a defining thread to link them together into a wider conceptual argument that covers a broad range of crime narratives **The Palgrave Encyclopedia of Urban Literary Studies** Jeremy Tambling,2022-10-29 This
