Woman and Nation Jean Kim, 2021-10-01 Kim reads the Gospel of John from a postcolonial feminist perspective as a patriarchal nationalist discourse. The author examines effects of colonialism in twentieth century Korean cultural experience as seen in social memory pervasive emotional nonlinear experience of the collective or oral traditions to develop an intercontextual lens through which she examines the role of the Johannine female characters in supporting Jesus's role as a national hero and in functioning as continuers of the nation. In her unique handling of the Gospel of John the author describes how John's resistance to Roman imperial power defines and shapes the boundaries of his Jewish nationalism in relation to the symbolic meanings attached to the female characters' sexuality and gender roles. Muslims as Actors Jacques Waardenburg, 2012-02-13 This book deals with Islamic studies and with the question how the scholarly study of religion can contribute to the study of Islam. The author advocates studying Islamic phenomena as signs and symbols interpreted and applied in diverse ways in existing traditions. He stresses the role of Muslims as actors in the ongoing debate about the articulation of Islamic ways of life and construction of Islam as a religion. A careful study of this debate should steer clear of political religious and ideological interests. Research in this area by Muslims and non-Muslim scholars alike should address the question of what Muslims have made of their Islam in specific circumstances. Current political contexts have created an unhealthy climate for pursuing an open approach to Islam based on reading, observing, listening, and reflecting. Yet precisely nowadays we need to look anew at ways of Muslim thinking and acting that refer to Islam and to avoid certain schemes of interpreting Muslim realities that are no longer adequate for present-day Muslim life situations. Muslim recourse to Islam can be studied as human constructions of value and meaning and relations between Muslims and others can be seen in terms of human interaction without blame always falling on Islam as such. *Books in Print*, 1994 *Harlot or Holy Woman?* Phyllis A. Bird, 2019-11-20 *Harlot or Holy Woman* presents an exhaustive study of *qedeh*, a Hebrew word meaning consecrated woman but rendered prostitute or sacred prostitute in Bible translations. Reexamining biblical and extrabiblical texts Phyllis A. Bird questions how *qedeh* came to be associated with prostitution and offers an alternative explanation of the term one that suggests a wider participation for women as religious specialists in Israel's early cultic practice. Bird's study reviews all the texts from classical antiquity cited as sources for an institution of sacred prostitution alongside a comprehensive analysis of the cuneiform texts from Mesopotamia containing the cognate *qadi tu* and Ugaritic texts containing the masculine cognate *qd*. Through these texts Bird presents a portrait of women dedicated to a deity engaged in a variety of activities from cultic ritual to wet nursing and sharing a common generic name with the *qedeh* of ancient Israel. In the final chapter she returns to biblical texts reexamining them in light of the new evidence from the ancient Near East. Considering alternative models for constructing women's religious roles in ancient Israel this wholly original study offers new interpretations of key texts and raises questions about the nature of Israelite religion as practiced outside the royal cult and
