Animals Rights Considered In Relation To Social Progress:

Animals' Rights Considered in Relation to Social Progress Henry S. Salt, 1894 *Animals' Rights Considered in Relation to Social Progress* Henry S. Salt, 2021-09-24 The immediate question that claims our attention is this if men have rights have animals their rights also From the earliest times there have been thinkers who directly or indirectly answered this question with an affirmative The Buddhist and Pythagorean canons dominated perhaps by the creed of reincarnation included the maxim not to kill or injure any innocent animal The humanitarian philosophers of the Roman empire among whom Seneca Plutarch and Porphyry were the most conspicuous took still higher ground in preaching humanity on the broadest principle of universal benevolence Since justice is due to rational beings wrote Porphyry how is it possible to evade the admission that we are bound also to act justly towards the races below us **Animals' Rights** Henry S. successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Animals' Rights** Henry Salt,2018-12-26 Keith Tester writes that in 1894 Salt created an epistemological break by being the first writer to consider the issue of animal rights explicitly as opposed to better animal welfare In *Animals Rights Considered in Relation to Social Progress* Salt wrote that he wanted to set the principle of animals rights on a consistent and intelligible footing and to show that this principle underlies the various efforts of humanitarian reformers Even the leading advocates of animal rights seem to have shrunk from basing their claim on the only argument which can ultimately be held to be a really sufficient one the assertion that animals as well as men though of course to a far less extent than men are possessed of a distinctive individuality and therefore are in justice entitled to live their lives with a due measure of that restricted freedom to which Herbert Spencer alludes He wrote that there is no point in claiming rights for animals if we subordinate their rights to human interests and he argued against the presumption that a human life necessarily has more value than a nonhuman one The notion of the life of an animal having no moral purpose belongs to a class of ideas which cannot possibly be accepted by the advanced humanitarian thought of the present day it is a purely arbitrary assumption at variance with our best instincts at variance with our best science and absolutely fatal if the subject be clearly thought out to any full realization of animals rights If we are ever going to do justice to the lower races we must get rid of the antiquated notion of a great gulf fixed between them and mankind and must recognize the common bond of humanity that unites all living beings in one universal brotherhood **ANIMALS RIGHTS CONSIDERED IN RELATION TO SOCIAL PROGRESS** HENRY

as the bountiful earth so plentifully provides them with varieties of vegetable dainties In such perfect animals as sheep and oxen in whom the heart the brain and nerves differ so little from ours and in whom the separation of the spirits from the blood the organs of sense and consequently feeling itself are the same as they are in human creatures I can t imagine how a man not harden d in blood and massacre is able to see a violent death and the pangs of it without concern In answer to this most people will think it sufficient to say that all things being allow d to be made for the service of man there can be no cruelty in putting creatures to the use they were design d for but I have heard men make this reply while their nature within
