edged paper and the original full color illustrations Littlejack has a map that indicates the existence of a treasure on a far and lonely island and Black has a ship to get there So the two bad men team up and sail off on Black s vessel the AeiU The name Black explains is all the vowels except for O which he hates since his mother got wedged in a porthole They couldn t pull her in so they had to push her out Black and Littlejack arrive at the port and demand the treasure No one knows anything about it so they have their henchmen ransack the place to no avail But Black has a better idea He will take over the island and purge it of O I ll issue an edict The harsh limits of a life sans O where shoe is she and woe is we and how finally with a little luck and lots of pluck the islanders shake off their overbearing interlopers and discover the true treasure for themselves Oh yes and get back their O s these are only some of the surprises that await readers of James Thurber s timelessly zany fairy tale about two louts who try to lock up the language and lose It is a tour de force of wordplay that will delight fans of Lewis Carroll Dr Seuss Edward Lear and Roald Dahl and a timely reminder of how people can band together in the name of freedom to overthrow a tyrant For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators *AB Bookman's Weekly* ,1994 The Publishers' Circular and Booksellers' Record ,1928
