The Bronze God of Rhodes Lyon Sprague De Camp,1983-05-01      *The Bronze God of Rhodes* Lyon Sprague De Camp,1983-05-01      **Bronze God of Rhodes** L Sprague De Camp,2013-06-14 The Bronze God of Rhodes is written as the memoirs of Chares of Lindos Chares of Lindos was a Greek sculptor born on the island of Rhodes A pupil of Lysippos Chares eventually built the Colossus of Rhodes now considered to be one of the Seven Wonders      The Bronze God of Rhodes L. Sprague de Camp,2013-06 The Bronze God of Rhodes is written as the memoirs of Chares of Lindos Chares of Lindos was a Greek sculptor born on the island of Rhodes A pupil of Lysippos Chares eventually built the Colossus of Rhodes now considered to be one of the Seven Wonders of the Ancient World These memoirs present the trials and tribulations some of them hilarious of the sculptor as he undertakes various projects and is forced into a number of adventures particularly in Ptolemaic Egypt This is the second historical novel that L Sprague de Camp wrote in order of writing drawing upon his extensive and detailed historical knowledge of the period      **Gods and Robots** Adrienne Mayor,2020-04-21 Traces the story of how ancient cultures envisioned artificial life automata self moving devices and human enhancements sharing insights into how the mythologies of the past related to and shaped ancient machine innovations      **Rhodes in Ancient Times** Cecil Torr,1885      **Singing for the Gods** Barbara Kowalzig,2007-12-13 Singing for the Gods develops a new approach towards an old question in the study of religion the relationship of myth and ritual Focusing on ancient Greek religion Barbara Kowalzig exploits the joint occurrence of myth and ritual in archaic and classical Greek song culture She shows how choral performances of myth and ritual taking place all over the ancient Greek world in the early fifth century BC help to effect social and political change in their own time Religious song emerges as integral to a rapidly changing society hovering between local regional and panhellenic identities and between aristocratic rule and democracy Drawing on contemporary debates on myth ritual and performance in social anthropology modern history and theatre studies this book establishes Greek religion s dynamic role and gives religious song culture its deserved place in the study of Greek history      **The Delineator** ,1903 Issue for Oct 1894 has features articles on Mount Holyoke College and Millinery as an employment for women      Bulletin of the Rhode Island School of Design Rhode Island School of Design. Museum of Art,1913      *Bulletin of Rhode Island School of Design* Rhode Island School of Design. Museum,1913      Colonial Rhode Island Alice Collins Gleeson,1926      The Pimlico Dictionary of Classical Civilizations Arthur Cotterell,1998 A fascinating overview and a detailed analysis of the ancient civilizations of the world the first social structures where culture and religion were born An original and unique work of reference which breaks new ground by treating for the first time the classical era of the Old World as a whole Never before have the key peoples and events of Greece Rome Persia India and China been encompassed in a single volume despite the fact their civilizations had much in common and laid the foundations of present day Europe and Asia Cotterell asserts that for too long Greece and Rome have been regarded as the classical world and its study isolated

from even the major powers that confronted the Greeks and Romans in Iran and India Today we are more aware of the complex interrelations that once existed between the Greeks and the Persians the Macedonians and the Indians the Romans and both the Persians and the Sasanians The persistent isolation of China on the other hand cut off by mountains and deserts from India makes the classical experience there so useful for comparison and contrast The virtual absence of slavery in China is but one of its startling features *Apollonius' Argonautica* M.M. DeForest, 2018-07-17 The *Argonautica* was said to have been the source of a quarrel between Apollonius who wrote what looks like an epic poem and Callimachus who denounced the writing of epic poetry Although the quarrel did not take place in the real world its issue controls the poem The heroes are determined to take part in a Homeric epic which the Callimachean narrator refuses to write Drawing on the methods of modern literary theorists but eschewing the jargon DeForest shows how Apollonius uses the literary dispute in Alexandria to give a three dimensional quality to his poem The amusing conflict between heroes and narrator turns serious when the levels of narrative split apart and Medea steps into the gap as a free standing figure the forerunner of powerful women in fiction *London and Its Environs* Karl Baedeker (Firm), 1892 **Fraser's Magazine**, 1876 Fraser's Magazine for Town and Country, 1876 **Fraser's Magazine for Town and Country** James Anthony Froude, John Tulloch, 1876 **The Art of Ancient Greece** J. J. Pollitt, 1990 This book a companion volume to Professor Pollitt's *The Art of Rome Sources and Documents* published by the Press in 1983 presents a comprehensive collection in translation of ancient literary evidence relating to Greek sculpture painting architecture and the decorative arts Its purpose is to make this important evidence available to students who are not specialists in the Classical languages or Classical archaeology The author's translations of a wide selection of Greek and Latin texts are accompanied by an introduction explanatory commentary and a full bibliography An earlier version of this book was published twenty five years ago by Prentice Hall In this new publication Professor Pollitt has added a considerable number of new passages revised some of his earlier translations and presented the texts in a different order which allows the reader to follow more easily the development of sculpture and painting as perceived by the ancient writers The new and substantial bibliography organised by topics as they appear in the book emphasises works that deal directly with the literary sources or that supplement our knowledge of the personalities and monuments described in the sources This collection will be welcomed by students and teachers of Greek art who have long been in need of an authoritative and reliable sourcebook for their subject The Portfolio, 1880 *The Worship of Augustus Caesar* Alexander Del Mar, 1899
