

Brother Sister

PT Brinkman

Brother Sister:

The Brother-Sister Culture in Nineteenth-Century Literature V. Sanders,2001-12-17 This book argues that brother sister relationships idealized by the Romantics intensified in nineteenth century English domestic culture and is a neglected key to understanding Victorian gender relations Attracted by the apparent purity of the sibling bond novelists and poets also acknowledged its innate ambivalence and instability through conflicting patterns of sublimated devotion revenge fantasy and corrosive obsession The final chapter shows how the brother sister bond was permanently changed by the experience of the First World War

Siblings C. Dallett Hemphill,2011-08-11 Brothers and sisters are so much a part of our lives that we can overlook their importance Even scholars of the family tend to forget siblings focusing instead on marriage and parent child relations Based on a wealth of family papers period images and popular literature this is the first book devoted to the broad history of sibling relations spanning the long period of transition from early to modern America Illuminating the evolution of the modern family system Siblings shows how brothers and sisters have helped each other in the face of the dramatic political economic and cultural changes of the eighteenth and nineteenth centuries The book reveals that in colonial America sibling relations offered an egalitarian space to soften the challenges of the larger patriarchal family and society while after the Revolution in antebellum America sibling relations provided order and authority in a more democratic nation Moreover Hemphill explains that siblings serve as the bridge between generations Brothers and sisters grow up in a shared family culture influenced by their parents but they are different from their parents in being part of the next generation Responding to new economic and political conditions they form and influence their own families but their continuing relationships with brothers and sisters serve as a link to the past Siblings thus experience and promote the new but share the comforting context of the old Indeed in all races siblings function as humanity's shock absorbers as well as valued kin and keepers of memory This wide ranging book offers a new understanding of the relationship between families and history in an evolving world It is also a timely reminder of the role our siblings play in our own lives

The Code of Federal Regulations of the United States of America ,1971 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government

'Blood Is Thicker Than Water' - Non-Royal Consanguineous Marriage in Ancient Egypt Joanne-Marie Robinson,2020-06-25 This volume presents for the first time evidence for non royal consanguineous marriage in ancient Egypt The evidence was collated from select sources from the Middle Kingdom to the Roman Period and it has been used to investigate the potential economic and biological outcomes particularly beyond the level of sibling and half sibling unions
