Jason Miller, 2015-02-03 Since Martin Luther King Jr's I Have a Dream speech some scholars have privately suspected that King's dream was connected to Langston Hughes's poetry Drawing on archival materials including notes correspondence and marginalia W Jason Miller provides a completely original and compelling argument that Hughes's influence on King's rhetoric was in fact evident in more than just the one famous speech King's staff had been wiretapped by J Edgar Hoover and suffered accusations of communist influence so quoting or naming the leader of the Harlem Renaissance who had his own reputation as a communist would only have intensified the threats against the civil rights activist Thus the link was purposefully veiled through careful allusions in King's orations In Origins of the Dream Miller lifts that veil and shows how Hughes's revolutionary poetry became a measurable inflection in King's voice He contends that by employing Hughes's metaphors in his speeches King negotiated a political climate that sought to silence the poet's subversive voice By separating Hughes's identity from his poems King helped the nation unconsciously embrace the incendiary ideas behind his poetry **Evolution of Law: Primitive and ancient legal institutions** ,1915 *Phi Gamma Delta Quarterly* ,1921 Hearings, Reports, Public Laws United States.
