Browning's Essay on Chatterton Donald Smalley,1970 *The Plays of Robert Browning* Thomas J. Collins,Richard J. Shroyer,2019-06-04 Published in 1988 and including all seven of Robert Browning s dramas Collins and Shroyer introduce this convenient and reliable reading text by discussing the plays with a history of criticism and giving insightful notes on each individual play in the book [The Poems of Browning: Volume Two](#) John Woolford,Daniel Karlin,2014-06-11 The Poems of Browning is the first collected edition to be based on the earliest printed texts and to present these texts in order of their composition Together volumes I and II provide an authoritative and accessible tribute to this great poet Volume II 1841 1846 includes Pippa Passes and many of the poems for which Browning is best known and loved My Last Duchess The Pied Piper of Hamelin Home Thoughts from Abroad and The Lost Reader *Browning, Victorian Poetics and the Romantic Legacy* Dr Britta Martens,2013-05-28 Taking an original approach to Robert Browning s poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning s own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning s detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet s highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference **The Complete Works of Robert Browning** Robert Browning,1971 **Essays in English and American Language and**
