Bruce Lee Dynamic Becoming:

Bruce Lee James Bishop,2004-04 **Bruce Lee** Matthew Polly,2019-06-04 The definitive The New York Times biography of film legend Bruce Lee who made martial arts a global phenomenon bridged the divide between eastern and western cultures and smashed long held stereotypes of Asians and Asian Americans Forty five years after Bruce Lee s sudden death at age thirty two journalist and bestselling author Matthew Polly has written the definitive account of Lee s life It s also one of the only accounts incredibly there has never been an authoritative biography of Lee Following a decade of research that included conducting more than one hundred interviews with Lee s family friends business associates and even the actress in whose bed Lee died Polly has constructed a complex humane portrait of the icon Polly explores Lee s early years as a child star in Hong Kong cinema his actor father s struggles with opium addiction and how that turned Bruce into a troublemaking teenager who was kicked out of high school and eventually sent to America to shape up his beginnings as a martial arts teacher eventually becoming personal instructor to movie stars like James Coburn and Steve McQueen his struggles as an Asian American actor in Hollywood and frustration seeing role after role he auditioned for go to a white actors in eye makeup his eventual triumph as a leading man his challenges juggling a sky rocketing career with his duties as a father and husband and his shocking end that to this day is still shrouded in mystery Polly breaks down the myths surrounding Bruce Lee and argues that contrary to popular belief he was an ambitious actor who was obsessed with the martial arts not a kung fu guru who just so happened to make a couple of movies This is an honest revealing look at an impressive yet imperfect man whose personal story was even more entertaining and inspiring than any fictional role he played onscreen *Transcultural Automatism* Almir Ibri?,2024-01-01 For the first time the concept of transcultural automatism is introduced in the discussion on transculturality This concept is intended to pave the way for the acquisition of transcultural competence and to engage with transcultural philosophy The aim of the book is to achieve person and situation specific communication and action confidence in everyday life professionally as well as privately or to optimize already existing skills **Deconstructing Martial Arts** Paul Bowman,2019-06-24 What is the essence of martial arts What is their place in or relationship with culture and society Deconstructing Martial Arts analyses familiar issues and debates that arise in scholarly practitioner and popular cultural discussions and treatments of martial arts and argues that martial arts are dynamic and variable constructs whose meanings and values regularly shift mutate and transform depending on the context It argues that deconstructing martial arts is an invaluable approach to both the scholarly study of martial arts in culture and society and also to wider understandings of what and why martial arts are Placing martial arts in relation to core questions and concerns of media and cultural studies around identity value orientalism and embodiment Deconstructing Martial Arts introduces and elaborates deconstruction as a rewarding method of cultural studies **The Creation of Wing Chun** Benjamin N. Judkins,Jon Nielson,2015-07-21 Looks at southern Chinese martial arts traditions and how they have become important to local identity

and narratives of resistance This book explores the social history of southern Chinese martial arts and their contemporary importance to local identity and narratives of resistance Hong Kong s Bruce Lee ushered the Chinese martial arts onto an international stage in the 1970s Lee s teacher Ip Man master of Wing Chun Kung Fu has recently emerged as a highly visible symbol of southern Chinese identity and pride Benjamin N Judkins and Jon Nielson examine the emergence of Wing Chun to reveal how this body of social practices developed and why individuals continue to turn to the martial arts as they navigate the challenges of a rapidly evolving environment After surveying the development of hand combat traditions in Guangdong Province from roughly the start of the nineteenth century until 1949 the authors turn to Wing Chun noting its development the changing social attitudes towards this practice over time and its ultimate emergence as a global art form
